

Georgia, Ole Miss Play to 14-14 Tie In Spectacular Game

Bulldogs Take to Air To Deadlock Rebels

By JACK TROY,
Constitution Sports Editor.

SANFORD FIELD, ATHENS, Ga., Oct. 10.—The comeback kids of Georgia, with flying Frankie Sinkwich blazing the trail, pinned the Ole Miss Rebels to the grassy mat of old Sanford Field tonight to earn an almost unbelievable 14-14 tie.

Outplayed for almost three quarters of the game, behind seven points entering the final period, the comeback kids caught the spark of their injured star, playing the game without the protection of a mask, and sent some 25,000 fans into a wild frenzy of excitement by making the long uphill fight thrillingly successful.

Kept Control.

Georgia scored in the closing seconds of the third quarter. And the game never thereafter got out of the hands of the comeback kids.

To Lamar Davis goes the glory of scoring both touchdowns. Destiny tossed him the torch and he held it triumphantly aloft in a blazing finish the like of which no Georgia team in modern years has made.

It appeared throughout the game, described by Coach Harry Mehre as one of the finest he ever saw, that Ole Miss had a decided edge. But it was largely defensive, this edge, for in first downs Georgia stood out, 16 to 9; in net yards rushing, 206 to 145; in yards passing, 131 to 58.

Line Stronger.

The Ole Miss line had an edge on the Georgia forearm for three periods. There is no denying it. But when the chips were down, when it became a matter of stamina, Georgia's Bulldogs had everything needed in reserve.

It was raw, raw courage and never say-die spirit. It seemed incredible after the second Ole Miss touchdown that Georgia would be able to stave off a rout.

But in a flash the whole scene changed.

The comeback kids had not been favored by fortune since the game began with a fumble and when an intercepted pass led to an Ole Miss touchdown in the first five minutes of play.

Big Break Comes.

Then the big break appeared. An Ole Miss quick-kick was almost blocked. It careened crazily in the cool night air. Lamar Davis wheeled back to midfield.

Seconds later, bringing the supporters out of their seats with the brilliance of his running, Davis raced 45 yards to the opening touchdown.

Led (One Play) Costa, good to the last placekick, came off the bench to make it seven points.

The comeback kids fought on, and the doggedness of their play was rewarded soon when Cliff Kinsey kicked one out of bounds on the Ole Miss three.

Here was the second break for Georgia.

Brilliant Play.

The coffin corner masterpiece put Junie Hovius well into the end zone and he could only punt out to his own 34.

Commerce Soldier Killed in Iceland

REYKJAVIK, Iceland, Oct. 10. (P)—The accidental deaths of two United States soldiers, Privates Timothy J. Nolan, 23, of Cincinnati, and J. B. Hanley, of Commerce, Ga., were announced here today. Both were killed when trucks they were driving overturned.

Nolan died on October 7 and Hanley died October 3. The bodies will be returned to the United States.

Elliott Will Leave State Patrol To Resume Atlanta Police Job

Captain J. J. Elliott, who for the past several months has been in command of the Georgia State Patrol, yesterday tendered his resignation to Major John E. Goodwin, public safety commissioner.

Captain Elliott is a member of the Atlanta police department and assumed command of the state patrol on January 15, after obtaining a leave of absence from the police department.

His leave of absence, it is understood, is about to expire, and Captain Elliott, in announcing the resignation, said he did not want to jeopardize his civil service status with the Atlanta police department.

His resignation will become effective October 15.

Major W. P. Reed, deputy public safety commissioner, probably will

doubled the size of the patrol.

General Retreat Admitted by Russia As Nazis Press Closer to Moscow; Drive to Encircle Capital Indicated

KISS OF BLISS—Isabel Jewell, movie actress, flew into Atlanta yesterday afternoon, kissed the man you see her kissing, and two and one-half hours later married him. He is Private Paul Marion, of Camp Croft, S. C., a selectee. The couple tried desperately to keep the marriage secret, but as such things do, it leaked out. They obtained a wedding license at the Fulton courthouse and a justice of the peace across the street tied the knot.

Isabel Jewell Flies to Arms Of Selectee Here, Gets Married

At Airport, Actress Kisses Army Private, 2 Hours Later Becomes Mrs. Paul Marion; 3-Day Leave for Khaki-Clad Draftee.

By FRANCIS DRAKE.

Isabel Jewell, Hollywood movie actress and Broadway stage star, flew into Atlanta yesterday afternoon, flew into the khaki-clad arms of her selectee boy friend, kissed him resoundingly, and two and one-half hours later married him.

The only quirk was that two and one-half minutes after the wedding ceremony was performed across the street from the Fulton county courthouse, Miss Jewell defined she was married and said she wasn't going to be until January 1.

The new bridegroom, Private Paul Marion, 26, of Company C, 30th Battalion, Camp Croft, S. C., who flew here Thursday night to meet Miss Jewell, 29, didn't say one way or the other.

Neill Leach, justice of the peace who performed the ceremony, said he hadn't married anyone by the name of Isabel Jewell but when he was asked if he married anyone name Paul Marion he replied "Don't ask me that," she replied.

"Only Investigating." Miss Jewell, who has played important roles in hit pictures, seemed very much put out about the whole affair and when she and her husband were encountered only a few steps away from the marriage license bureau and Leach's office, she explained they were only investigating to see how to go about

A Sherman's Back in the Army, But for No March Into Georgia

CAMP LEE, Va., Oct. 10. (AP)—He served with Pershing on the Mexican border, he was a top sergeant in the World War, and he comes from the aggressive locality of Red Hook, Brooklyn—but the newest recruit at Camp Lee's Quartermaster replacement center is afraid of Georgia.

"You would be, too," he explained, "if your name happened to be William T. Sherman."

Sherman was a member of a post of veterans whose members, though middle-aged, volunteered and entered the Army through a special ruling of the adjutant general's office.

Called "Pop" by his fellow soldiers, Sherman was detailed to drill some of the awkward squads of the Sixth Regiment.

"I'm glad to be back in the service," he said. "I joined up after all these years mainly to show the boys who are in that if the country needs men, even older fellows like me are willing to do our part. Now that I'm in, the Army can do whatever it wants with me."

"As long as they don't send me to Georgia. With a name like mine, I'd be licked."

Savannah Gets Contract for 12 Merchant Ships

Awards Will Total Between \$18,000,000 and \$20,000,000.

By THE ASSOCIATED PRESS.

WASHINGTON, Oct. 10.—Aides of Senator George, Democrat, Georgia, said today the Maritime Commission had awarded to Savannah Shipyards, Inc., Savannah, Ga., contracts for 12 liberty merchant ships to cost \$18,000,000 to \$20,000,000.

The Maritime Commission itself, meanwhile, announced signing of contracts for 49 more tankers, which it said would give the United States the largest tanker fleet in the world.

The Alabama Drydock & Shipbuilding Company, Mobile, Ala., will build 36 of the new vessels, and the remaining 13 will be constructed by the Bethlehem Steel Company at Sparrows Point, Md. Eight new shipways will be built at Mobile and two at Sparrows Point.

10,750 Gross Tons.

The tankers will be of 10,750 gross tons each, with a capacity of 138,000 barrels or 5,796,000 gallons.

An official said that, exclusive of the cost of the new ways to be built, the contract with Alabama Drydock would run around \$97,000,000, and that with Bethlehem about \$36,500,000.

All of the Alabama tankers are scheduled for delivery by December 24, 1943, with the first being delivered by next August 11.

The Alabama-built ships will have a length of 503 feet, a beam of 69 feet and a depth of 39 feet 3 inches, with engines generating 6,000 horsepower and a speed of 14½ knots.

Panama Transport Type.

The Sparrows Point tankers will have the same gross tonnage, but will be what is known as the Panama transport type.

Their specifications call for a length of 487 feet 6 inches, beam of 68 feet and depth of 37 feet, with 7,700 horsepower and estimated speed of 15½ knots. The first ship is scheduled for delivery by November 30, 1942, with the last due for delivery by January 29, 1944.

The commission said that with the completion of ships now being contracted for and being built, the American tanker fleet will total 568 vessels, compared with 432 oil carriers owned by Great Britain at the last report.

Almost immediately upon the pardon becoming effective, Harsh will be the same gross tonnage, but will be what is known as the Panama transport type.

House Overwhelmingly Passes Aid Bill Calling for Six Billion

PHILIPPINE PARLEY—Lieutenant General Douglas MacArthur (left), United States military chief in Manila, P. I., and Air Marshal Sir Robert Brooke Popham, British commander-in-chief in the Orient, met in the Philippine capital for a series of conferences on British-American defenses. Sergeant, the general's tie is out!

County Fights Rifling of Mail Clemency for Lisbon Spies Flogging Trio Bared at Trial

Kidnapping Indictments Against Three Placed on Calendar.

Sharp divergence of views between the Fulton solicitor general's office and the State Prison and Parole Commission respecting Ku Klux Klan flogging cases, was brought into the open yesterday.

In a frankly avowed step to forestall clemency by the board, Assistant Solicitor General Daniel Duke placed on the November trial calendar kidnapping indictments pending against Dan Eldson, Walter Forster and Henry Cawthon, already under flogging conviction.

Duke said he acted to invoke and draw attention to the commission's ruling that it would not consider any plea for clemency while charges still were pending against the applicant.

The board heard Eldson's petition Wednesday, and has notified the solicitor general's office of a purpose to grant a hearing to Forster. Cawthon's family and friends sought clemency even before Governor Rivers left office.

"By the commission's own regulations, it should not be considering these applications," Duke declared. "Governor Rivers, in the Cawthon case, turned down his pardon application because the kidnaping case was open against him."

"We are unable to understand why flogging cases should create an occasion for the board to depart from its own set rules and practices. Cases of this type have been adjudged crimes against society itself."

All of the trio are charged with transporting P. S. Toney, a CIA organizer of Scotland, from DeKalb to Fulton county. Toney was flogged at the East Point city dump.

State's Bureaus Fill 509,700 Jobs in August

WASHINGTON, Oct. 10.—(AP)—Paul V. McNutt, federal security administrator, announced today that during August state employment offices filled 509,700 jobs, the highest on record for that month since the employment service was established.

The August figure brought to \$3,500,000 the number of jobs filled by the state offices since the beginning of the year, or 54 per cent more than in the same period of 1940.

The August unemployment benefit payments totaled \$26,500,000, which was 10 per cent less than July.

Effort To Bar Help to Reds Is Smashed

Attempt at Reducing Amount of Appropriation Meets Defeat.

WASHINGTON, Oct. 10.—(AP)—With administration forces in full command, the house approved and sent to the senate unchanged tonight President Roosevelt's request for a \$5,985,000,000 lend-lease appropriation to continue aid to nations resisting aggression.

The rollcall vote on final passage was announced as 328 to 67, shortly after the members defeated, on a voice vote, an attempt by Representative Lamberton, Republican, Kansas, to eliminate the lend-lease fund from the omnibus bill in which it was contained. Also beaten was an attempt to forbid using any of the money for Russia.

Voting in favor of the bill on the final rollcall were 230 Democrats, 96 Republicans, one American Laborite and one Farmer-Laborite. Opposed were eight Democrats, 56 Republicans and three Progressives.

The measure contained a total of \$6,159,552,794 and virtually all of it was directly related either to the lend-lease or national defense programs.

Repeated Warnings. Amid repeated warnings that speedy action was necessary to continue the flow of the lend-lease supplies, the house rolled up impressive votes against attempts to reduce the appropriation for that purpose.

Then, by the one-sided margin of 162 to 21, the house turned down an amendment by Representative Rich, Republican, Pennsylvania, which would have denied to Russia any benefits from the appropriation.

The bill contained no reference to that nation and sponsors said that no such assistance was contemplated at present, but they insisted that the President should be given unrestricted discretion to distribute the money on war materials bought with it.

"The task today is the defeat of Adolf Hitler, and no one should hesitate to place in the hands of any man the instrumentalities with which that might be accomplished," Representative Woodward, Democrat, of Virginia, asserted in the concluding speech of 40 minutes of debate on that question.

Joined Rich. He joined Rich in expressing opposition to some acts of the Russian government, but he argued that "internal conditions in Russia" should not govern a member's vote.

"I want something in this bill to prevent the President from spending one cent of this \$5,985,000,000 to any nation which practices communism," Rich urged.

The first Republican amendment, by Representative Case, of South Dakota, proposed a \$100,000,000 slash in the \$1,190,000,000 to be spent for ordnance, ammunition, stores, supplies and parts.

That proposal was defeated by a vote of 133 to 84, and the members went out to reject, 135 to 83, an attempt by Representative Engel, Republican, of Michigan, to make a \$60,000,000 cut in a proposed \$285,000,000 fund for tanks, armored cars, automobiles and ships.

Rich Loses, 116-69.

Rich then lost, 116 to 69, an attempt to reduce by \$40,000,000 a \$850,000,000 fund for vessels, ships and boats.

All three contended that within each category provision had been made for contingencies which could not presently be foreseen and that the totals for specific purposes could be trimmed.

Representative Taber, Republican, of New York, proposed to cut \$300,000,000 from a \$1,875,000,000 fund—the largest in the bill—for agricultural, industrial and other articles, but he lost, 97 to 71. Other money changes proposed and beaten were:

By Representative Jones, Republican, of Ohio, to cut \$50,000,000 from the \$285,000,000 proposed for necessary services and expenses; defeated by voice.

By Representative Pfeiffer, Republican, of New York, to halve a \$10,000,000 item for administrative expenses; defeated, 123 to 80.

Soldiers' Center In Park Indorsed

A proposal by Army morale officers for the construction of a recreation center for service men in Piedmont Park had been endorsed by Fulton County Post No. 134, of the American Legion.

Copies of resolutions adopted Thursday night by the post were sent yesterday to Mayor LeCraw and members of the city council. They were requested to take action immediately to permit the Army to proceed with the building of the center, which would accommodate 500 men.

The center would be operated by the Army. Piedmont Park was requested so the soldiers could be in the center of the city's activities.

COWBOY LAND MOTORIZED

Almost the last traces of the early days—the hitching posts and rings for horses that lined the streets—have been removed by the police in Yuma, Ariz. Motorists complained that they ruined too many front bumpers.

READYING FOR THE WEDDING—Isabel Jewell, Hollywood and Broadway actress, posed for this picture with Private Paul Marion at her hotel suite and denied she was going to be married before January, but a short while later she and Marion slipped down to the courthouse, got a license and were married by a justice of the peace. She flew here from Cincinnati and he from Camp Croft, S. C., for the meeting which ended with wedding bells ringing.

Cannon Fire Isn't So Bad—When It's Mock

Martin Gives Closeup of Army's Huge Field Gun.

(Editor's Note: This is the third in a series of stories about Georgia soldiers now engaged in the extensive maneuvers of the First Army in North and South Carolina.)

BY HAROLD MARTIN Constitution Staff Writer.

BLOCKSTOCK, S. C., Oct. 10. The snout of the big cannon poked out from under its camouflage net, its muzzle pointed far across the hills, over the heads of the Ninth Division, where they pushed southward against the Reds.

Up on the hill by the school house an officer barked commands—deflection, elevation, powder charge, fuse. Down by the big gun a sergeant passed these orders on to a sweating crew. The big projectile rammed home. The powder charge slid in behind it, the breech clanged shut.

Uncle Tom Stephenson, age 84, put two gnarled black hands over his ears, and leaned his withered old frame against a tree so the impact wouldn't knock him down.

Sergeant Yells "Fire."

"Fire!" the sergeant bellowed. A soldier yanked a lanyard. There was no thundering roar, no flash of flame. Uncle Tom took his hands down from his ears, a look of disappointment on his face.

"How come?" he said, to a passing soldier. "How come de gun didn't go off?" The sergeant laughed.

"Uncle, if that gun had gone off, we'd have had to advertise for you, you'd have run so fast."

Uncle Tom looked hurt. "I heered de gun whut fired on Summer sub," he said. "An' I never run 'em hit. I reckon I could have heered disun widout bein' skeeked."

BIGGEST FIELD GUN.

The chances are Uncle Tom might have trembled a little at the knees if Lieutenant Colonel Walter W. Hess Jr., commander of the 36th Field, had let one of his pets speak.

The gun Uncle Tom was looking at was a 155-millimeter rifle. It weighs 30,000 pounds and can hurl a 95-pound projectile for 15 miles.

It's the biggest gun the Army uses in the field with the exception of the shorter barreled howitzer of the same bore, and along with everything else in the Army, they've now worked out a way to move it around in a hurry.

Heretofore it has been pulled along at a galloping eight miles an hour. Now they've got a big truck that hauls it 25 and carries the gun crew at the same time.

DRUMS TROOPS END FIRST WEEK

CAMDEN, S. C., Oct. 10.—(AP)—The three corps of Lieutenant General Hugh A. Drum's First Army completed their first week of maneuvers in the Carolinas area today, and most of the 359,000 officers and enlisted men engaged in the operations prepared for a weekend of recreation.

Major General Charles F. Thompson spoke in high praise of the work of his First Corps which participated in exercises representing a struggle in the Chester-

Star Weds Private

other passengers crowded about and photographers flashed enough bulbs to light up a wartime blackout, they stood there as alone, as though they were in the middle of a desert.

"Oh, it's so wonderfulllllll to see you," she cried as she threw her arms around him. Private Marion replied something that had a couple of "darlings" in it but since reporters never pry into people's private affairs, his full answer cannot be recorded.

The two, talking a mile a minute to tell each other all about themselves since they were last together, accepted a ride to the Henry Grady hotel with a Constitution reporter and photographer. There, Private Marion had reserved a suite for himself and bride—at \$8 a day. He had a time getting it even at that figure, because of the crowd of football fans who were in town for the Tech-Notre Dame battle.

He came down Thursday night—with a three-day leave for his honeymoon—he had been waiting at the airport yesterday for nearly two hours before Miss Jewell arrived on a Delta plane.

Miss Jewell is going back to New York when his leave is up, and expects to be in a play there. She has appeared in "Marked Woman," with Bette Davis, for which she earned an Academy award for the best supporting role; "Tale of Two Cities," "Scatterbrain," "Lost Horizon," "Ceiling Zero," and 73 other pictures.

The bridegroom, a native of New York, was in Hollywood three years, playing in the "shoot-'em-ups" and serials and was in the cast of the Broadway hit, "My Sister Eileen," when he was drafted six weeks ago.

4-Page Record Traced to Man Arrested Here

Circus-Follower Given 12 Months at Labor by Judge Wood.

Suspicion aroused in Judge Jesse M. Wood's mind by a prisoner's mannerisms and appearance, despite a glib tongue, were verified with a vengeance yesterday by one of the longest records ever received here from the FBI's Washington office.

It required four pages of typing to set out all of the troubles one Jack Harris, 37, a circus-follower with 11 aliases, has had with the law, from coast to coast, in the last 20 years. There have been 35 separate arrests on charges ranging from rape and automobile theft to larceny, narcotics possession and parole violation.

He has served terms in state prisons at Walls, Walla, Wash., and Florence, Ariz., as well as the Atlanta federal prison.

Harris was arrested by Detectives Satterfield and Barrett in an automobile parking lot at Ellis and Ivy streets about noon of September 29 just after smashing the left front door glass of an automobile of A. A. Matthews.

He pleaded guilty to Judge Wood in Fulton criminal court October 3.

"I was drunk and didn't know what I was doing," he told the judge. "Give me a small fine and I'll pay it and be out of town when the fair closes."

The judge hesitated, even going so far as to inquire of Matthews the extent of the damage.

"Say something for me," Harris urged Matthews. "I'll pay to breaking the door."

His voice, manner and obvious experience with such a situation altered the judge's view.

He sentenced Harris to 12 months' labor—and told the county's identification bureau to inquire for his record.

Harris will be assigned to a public works camp soon.

RECORD—Jack Harris, 37, circus follower, was found yesterday to have one of the longest police records of any man to appear in Fulton criminal court.

Storm Damage Appears Heavy At Thomasville

Timber, Crops and Peas Suffer From High Winds.

THOMASVILLE, Ga., Oct. 10.—Reports from the storm which swept through here Tuesday continue to show increasing damage to timber and crops. The large estates which surround this city report tremendous loss to virgin forests, with enormous pines, oaks, bay and gum trees blown up by the roots, splintered beyond repair or broken off. Peanut hay stacks, corn, sugarcane and other standing crops suffered much loss, farmers and estate managers report.

The effect upon pecan crops vary with the variety of the nuts. Seedlings, Stuarts, Mahans and Schleys were already falling and the high winds served the purpose for which people usually have to pay—shaking the trees. The ground under such trees was literally carpeted with nuts and many pickers were at work gathering these the day following the storm, as the crop is unusually large this year.

Those growers who specialize in Froster nuts, fine paper shells variety, suffered heavy losses, with estimates varying from 50 to 75 per cent loss.

Many growers also report heavy damage to trees.

LONDON, Saturday, Oct. 11.—(AP)—Formation of a corps of shock troops whose rigorous and highly specialized training implies that they are primarily meant for an invasion of the continent was announced by the war office today.

Nurse Stricken With Polio in Line of Duty

Past Serious Stage, She Will Be Removed to Warm Springs.

The dread disease she fought unremittingly for others during the polio epidemic of July, August and early September was found yesterday to have stricken down Mrs. Sarah Duffy, the county's chief public health nurse in the grueling contest.

She lay bandaged and in splints at her home, 1472 Avon avenue, S. W., awaiting removal Monday in an ambulance to Warm Springs.

Her superiors, Dr. J. W. McGee, county health commissioner, and his assistant, Dr. Rufus F. Payne, said that her illness at first had been believed nervous exhaustion from long hours of attending epidemic victims, but that a definite diagnosis of polio had been reached.

"The illness has passed the acute stage," Dr. McGee said. "We are confident of at least a 90 per cent recovery of the affected muscles."

Praising her devotion, the physicians pointed out that Mrs. Duffy had been the sole member of the nursing staff expert in polio treatment when the epidemic broke. She personally attended at least 30 patients, choosing those most severely ill, while directing the efforts of the 21 other nurses.

All of the patients were persons unable to pay for private nursing.

"The treatment requires special knowledge of bandaging and splinting to immobilize the affected muscles," said Dr. Payne. "This made Mrs. Duffy's work of vital importance. She labored day and night through those arduous weeks."

Mrs. Duffy, who is small, with expressive blue eyes and brown hair, slightly touched with gray, joined the staff in February of last year.

YOUNG MOTHER AND YOUNG GRANDMOTHER—Mrs. Rufus Flanders, 14 years old, returned to her Macon home yesterday with her week-old baby, Annie May. Greeting the young mother and baby is the mother of Mrs. Flanders, Mrs. Annie Lou Winn, who became a grandmother when only 28 years old. Mrs. Flanders is believed to be Macon's youngest mother, and Mrs. Winn is probably the city's youngest grandmother.

F.D.R.'s Day

By LEE CARSON.

WASHINGTON, Oct. 10.—(INS)

BASEMENT BRASS: Mr. Roosevelt was as full of talk as a lady let loose at a sewing bee this morning. A chatty President started out his lengthy powwow by telling the tale of the White House basement yield of a half-ton of copper and brass scrap.

Before the correspondents could launch a question, the big boss was off again on another tangent—this time the 1,000,000 young men in this country unfit for service. This topic he went into disease by disease, cavity by cavity with tremendous zeal and earnestness, wound up with a brief announcement of the government's intention to get them back into ship-shape order.

NO WEEKEND: Breaking a chain of weekend commuting to the ancestral home in Hyde Park, the President decided to skip this one, maybe take a trip down the river tomorrow on the yacht Potomac, maybe not.

CEMENT AND STUFF: After a half-hour of talking to the press, the President yielded, let them rush to phones and make the next edition. As soon as the stampede outward passed by, General Brahan Somervell, War Department architect, slipped in to talk about the new building in Arlington, how much cement and stuff will be used.

PANAMA, RUSSIA AND KINGS: Mixed in with the conglomeration of things coming from the White House today was official presidential approval of the new Panamanian government, a hunch how that letter to Joe Stalin leaked into Berlin, announcement that Navy Day would be expanded into Navy and Total Defense Day, be christened with some words from Mr. Roosevelt via the network hookups.

CHINESE FRIENDSHIP: Chinese Ambassador Hu Shih, United China Relief's James G. Blaine, came in around noon to give the President an expression of Sino-American friendship on the 30th birthday of the Chinese republic. Mr. Roosevelt accepted the extended hand warmly, replied that he hoped that the United Chinese Relief drive would bring home to the public the need to keep China in there fighting for national and world-wide reasons.

HELEN HAYES OAKLIES: Actress Helen Hayes bounced pretty into the executive office this afternoon, didn't see the President because he was meeting with his cabinet, but left some Annie Oaklies to her show, "Candle in the Wind," for his staff.

SHORT & SWEET: The cabinet meeting, with all members present around the many-sided table, was short, sweet, secret as to content. Secretaries Stimson and Krook rushed out first, collared with waiting watchers, hastily disentangled themselves and continued the headlong dash downward.

SILENT NIGHT: For the first time in many weeks, the noise of packing, last-minute phone calls, dictation, etc., did not end up the White House tonight. All was quiet, homey and a few friends came in to dinner and to see a movie afterward.

TEXAS POLICE HOLD 2 IN MILITARY SLAYINGS:

FOOT WORTH, Tex., Oct. 10.—(INS)—Fort Worth police still had 43-year-old Leo Henderson Gaddis and 32-year-old Thomas Penny in the city jail tonight, awaiting the arrival of Kentucky officers tomorrow to question the pair concerning the holdup-murders of Marion Miley, nationally known golf star, and her mother, Mrs. Fred Miley.

Gaddis, of Jacksonville, Fla., and Penny, of Lexington, Ky., denied any knowledge of the slaying, which occurred during the robbery of the Lexington Country Club September 28. They signed a release which obviated extradition proceedings in case Fayette county (Ky.) Sheriff Ernest Thompson and Lexington Police Chief Austin B. Price wish to take them back to Kentucky.

Plant Closing By Union War Hits U.S. Tanks

500 CIO Workers Walk Out at Drydocks in Brooklyn.

By The Associated Press.

An AFL-CIO dispute which is threatening to halt virtually all production of Army tanks was reported yesterday by War Department officials.

The Spicer Manufacturing Company, of Toledo, Ohio, makes about 70 per cent of the transmissions for current tank output and for most of the half-tractor and "Jeep" combat vehicles. In turn, it depends upon a subsidiary, the Hillsdale (Mich.) Steel Products Company, for parts.

Last week, fighting between AFL and CIO factions at Hillsdale led to closing the plant, but it has since reopened and is operating with virtually a full force. CIO employees at Spicer, however, have declined to handle any more parts from the AFL Hillsdale plant.

Spicer officials said production of transmissions was continuing from parts on hand, but was falling off and would have to end with depletion of present stocks unless the situation changed.

Elsewhere, the defense-labor picture was spotted by a walkout at the Robins Drydock, Brooklyn, New York.

About 500 members of the industrial union of Marine and Shipbuilding Workers (CIO) struck at the Robins Drydock, a subsidiary of Todd Shipyards Corporation to protest unfair contracts, union officials said, employment of two non-union men.

Several thousand workers walked out at the Robins Drydock, a subsidiary of Todd Shipyards Corporation. Officials of the Industrial Union of Marine and Shipbuilding Workers (CIO) said the strike was a protest against employment of two non-union men.

Saying that the walkout probably would last until Tuesday, a union official indicated it was intended also as a show of strength to support collective bargaining negotiations.

At Birmingham striking American Federation of Labor members voted to return today to their jobs in the plants and mines of the Tennessee Coal, Iron & Railroad Company, ending a walkout which had seriously curtailed steel production.

The strike will end officially at 7 a.m. today, and AFL spokesmen said they expected production to return to normal before nightfall.

Present Day Sub Nets Called More Efficient

NEW ORLEANS, Oct. 10.—(INS)—Rear Admiral John W. Wilcox, Jr., said today United States submarine nets now are far more efficient than during World War days and that an enemy submarine would have a tough time getting through one.

Admiral Wilcox, here to inspect a new Navy net layer, added that equipment of the latest nets with sound devices to disclose the presence of submarines along with manufacture of the nets with heavier and tougher material, would eliminate the danger of submarines in American ports.

Buenos Aires Council Is Ordered Dissolved

BUENOS AIRES, Argentina, Oct. 10.—(P)—The Argentine cabinet ordered the Buenos Aires municipal council dissolved tonight in the face of opposition characterizing that action as dictatorial.

The cabinet acted upon accusations that graft had been collected from owners of small buses.

Its decree, to be signed tomorrow, would replace the elective council with a committee of 21 appointed by the federal executive.

Limit in House Talks on Ship Arming Flayed

Two-Day Session Behind Closed Doors To Begin Monday.

WASHINGTON, Oct. 10.—(P)—Republican members voiced angry criticism after the House Foreign Affairs Committee voted tonight to limit hearings on President Roosevelt's request for authority to arm merchant ships to two days and to hold them behind closed doors.

"An outrageous proceeding," stormed Representative Tinkham, Republican, Massachusetts. "A complete nullification of Democratic processes."

In protest against the restrictions, Representative Fish, Republican, New York, said the minority would not even call any opposition witnesses.

Chairman Bloom, Democrat, New York, said the hearings would start Monday with Secretary of State Hull as the first witness. The other administration witnesses will be Chairman Emory S. Land, of the Maritime Commission; Secretary of the Navy Knox, and Admiral Harold R. Stark, chief of Naval operations.

Bloom told reporters that he had ruled out consideration of everything but the simple resolution to repeal Section 6 of the neutrality act which prohibits the arming of merchantmen.

Republican members of the committee angrily asserted that the ruling would prohibit the committee from considering even the President's message requesting repeal of Section 6. Tehy said the vote on the question of limiting the hearings to two days was 12 to 7.

AFL Studies Proposal for Aid to Russia

Delegates at Seattle Consider Paper Asking All-Out Help.

SEATTLE, Oct. 10.—(P)—American Federation of Labor convention delegates tonight considered resolutions proposing all-out aid to Soviet Russia after hearing a Roman Catholic dignitary say, "I hope to God you can distinguish between Russia and international Communism!"

The Most Rev. Gerald Shaughnessy, bishop of the Seattle diocese, urged that "where in Germany and Russia you see labor enslaved, you also behold religion suppressed."

"The Russian laboring man was enslaved and is enslaved."

Earlier, he departed from his textual comment on President Roosevelt's "four freedoms" (of speech and religion and from want and fear) to comment that the nation-wide mail he had received as the result of recent pronouncements "indicates that 80 to 90 percent of the people are fearing war while they are not consulted."

"But let us back the President in the increase of these four freedoms," he added.

"The moral is," he said at another point, "to defend your unionism as you defend your freedom. And let not the professional patriot cry 'Treason' when you insist on the freedoms of our Americanism!"

President William Green assured the churchman that:

"You can always depend on the American Federation of Labor standing immovable in defense of freedom of worship according to conscience."

U. S. Seeks Early Trial for Viereck

WASHINGTON, Oct. 10.—(P)—The government asked trial "at the very earliest opportunity" today for George Sylvester Viereck, German-born citizen of the United States, on charges of withholding information when he registered as a foreign agent with the State Department.

Viereck, who had been arrested in New York Wednesday on an indictment returned here, pleaded innocent when arraigned before Federal Judge James W. Morris. Counsel agreed on a two weeks' period during which to contest the legality of the indictment.

William Power Maloney, special assistant to the attorney general, told the court that the head of the Justice Department was desirous that the case be tried as soon as possible because of the "seriousness of the crime." When he started to expand on this by telling the court that the evidence would show Viereck to be head of Nazi propagandists in the United States, he was halted by the objection of the defendant's counsel.

Prompt action is necessary in replying to the attractive offers in the Want Ad section of The Constitution.

Duke, Duchess Arrive Today In Baltimore

General Warfield Host on Couple's First Visit to City.

BALTIMORE, Oct. 10.—(P)—City officials, relatives and old friends of Bessie Wallin Warfield quietly are laying out the welcome mat for the arrival tomorrow afternoon of the Duke and Duchess of Windsor.

Police will keep expected crowds at a distance from the little whistle stop station at Timonium, north of here, where the royal couple and their party will leave the train bearing them from the Duke's Canadian ranch.

From Timonium they will be whisked a mile to Saloma Farms, home of General Henry M. Warfield, uncle of Baltimore's famous "daughter" and host on the pair's first visit to Baltimore.

General Warfield met the Duke once, at a Naval Academy reception in 1919, when as Prince of Wales, Windsor, was touring this country.

Until sometime after next Tuesday it will be rest and quiet and family reunion for Edward and the woman for whom he gave up an empire almost five years ago. From Baltimore they plan to visit New York.

"We are just as tired of this as of articles ventilating public complaints about food shortages and coffee that does not taste like coffee."

An item from Vichy suggested that French-German relations were solidifying. The German envoy leased a villa for a new German consul to be installed shortly.

1941 Tax Levy Is Set In Chattooga County

SPECIAL TO THE CONSTITUTION
SUMMERTIME, Ga., Oct. 10.—Chattanooga county tax levy for 1941 has been fixed by the county board of roads and revenues at \$23.25 per \$1,000, covering every species of taxable property, both real and personal, to pay the necessary running expenses and the accrued expenses,

of which there are \$1.25 per \$1,000.

For the year 1940 the tax levy

was \$23.25 per \$1,000, covering

every species of taxable property, both real and personal, to pay the necessary running expenses and the accrued expenses,

of which there are \$1.25 per \$1,000.

ATLANTA, GA., OCTOBER 11, 1941.

No Realism

In a period of hysteria the United States congress passed the so-called Neutrality Act. It is a measure unworthy of America and Americans, a step backward from the high purposes and integrity which usually mark this nation's policies.

As that stringency becomes more acute, the Tokyo government will be more inclined to arrive at some understanding which will permit reopening of normal channels of trade. A glance at what terms of such an understanding would be acceptable to this country and to Britain, as well as what proposals or concessions Japan might be willing to make, should be illuminating.

In the first place it may be accepted as axiomatic that any terms made with Japan must include withdrawal of Japanese forces from all, or almost all, of China and full recognition of the present free Chinese government. There will be no "selling out" of the Chinese by Washington.

Concurrent with this, however, may be an agreement providing that large portions of the material and capital needed for the rebuilding of China shall be provided by Japan. It is said there would be no objection to this by the Chinese.

Japan, further, wants equal rights, on a competitive basis, in the Asiatic markets for light consumer goods, a type of product for which her industry is specially adapted.

Again, Japan wants removal of all restrictions on her right to purchase whatever raw materials she needs for a peace-time economy.

And, finally, there is the startling rumor that Japan may break entirely with the Berlin-Rome Axis and request an agreement with Britain and the United States under which she would sell heavy war materials to Britain and this country, even including, possibly, some naval vessels.

The last suggestion is based upon a presumption that, before any agreement, or any negotiations, can be reached, the military clique must be deprived of power, the Japanese army leaders made subservient to the civilian government. For, so long as the militaristic forces rule in Japan, it will be impossible to treat with them.

However, if civilian authorities should gain full control of the Japanese government, it is altogether probable the Flower Empire will leave the Axis and become an additional arsenal producing war materials for the democracies.

All this proposals and forecasts are, at best, but tentative and altogether dependent upon the outcome of present political conflicts within Japan herself. In any event, however, they outline a future Japanese role which, according to many Washington sources, is not at all impossible of realization.

And each day the economic pressure exerted by the United States and Britain grows tighter, so much closer comes the day when civilians will displace army leaders as the controlling factors at Tokyo.

Georgia Editors Say:

GOOD FOR ELLIS ARNALL.

(From the Macon News.)

If Ellis Arnall isn't successful in his race for governor next summer it will not be because he has not endeared himself to the people of Georgia by constantly standing up for his own rights in the face of the worst usurpation this state has ever seen.

Despite the fact that constitutional officers are elected by the people and are theoretically responsible only to the people, Ellis Arnall stands out as the sole example of an elected statehouse official who does not have to get written permission from Gen. Talmadge every time he steps out into the hall for a drink of water.

It's welcome, if not unexpected, news therefore when the attorney general once again rises up to crack down on the groping fingers from the chief executive's office.

Irrefutable Proof

There have been statements, both from officials in America and from similar sources in Britain, that losses of ships on the Atlantic, due to enemy action, have shrunk dramatically in recent months.

We have accepted those statements as fact, perhaps because they met our deepest desire. It has been good to feel that a smaller proportion of the material we are shipping to Britain is finding destination at the bottom of the ocean.

Now, however, comes irrefutable proof in support of these official claims.

War risk insurance rates on combatant nations sailing between American ports and Portugal or Gibraltar, have been reduced. Effective this week, premiums have been cut from 5 to 4 per cent.

Insurance rates are not based upon sentiment or upon desire. They are set, cold-bloodedly, by actuaries who weigh the complete risk involved and then provide an added margin of safety. When insurance companies reduce a

rate, it is for one reason only. Losses have been lowered.

Thus we know, as a matter of cold fact, that the danger from enemy submarines, bombing planes or surface raiders, is less today in the south Atlantic than it was a few months ago.

Japan and the War

Little has been said, in recent weeks, of Japan and her relation to the World War. Tokyo has, in so far as the American public knows, been unusually quiet, even conciliatory, toward the powers which are opposing Nazi Germany and the Axis in which, technically, Japan is a partner.

It was disclosed this week that no gasoline in any form, nor oil, is being furnished the Japanese by any source in the territories controlled by the United States, Great Britain and the free Netherlands governments. This draws new attention to the trade barriers imposed by Britain and the United States, a virtual economic blockade. Reliable reports tell of a progressive wrecking of the entire Japanese economic structure because of this blockade.

As that stringency becomes more acute, the Tokyo government will be more inclined to arrive at some understanding which will permit reopening of normal channels of trade. A glance at what terms of such an understanding would be acceptable to this country and to Britain, as well as what proposals or concessions Japan might be willing to make, should be illuminating.

In the first place it may be accepted as axiomatic that any terms made with Japan must include withdrawal of Japanese forces from all, or almost all, of China and full recognition of the present free Chinese government. There will be no "selling out" of the Chinese by Washington.

Japan, further, wants equal rights, on a competitive basis, in the Asiatic markets for light consumer goods, a type of product for which her industry is specially adapted.

Again, Japan wants removal of all restrictions on her right to purchase whatever raw materials she needs for a peace-time economy.

And, finally, there is the startling rumor that Japan may break entirely with the Berlin-Rome Axis and request an agreement with Britain and the United States under which she would sell heavy war materials to Britain and this country, even including, possibly, some naval vessels.

The last suggestion is based upon a presumption that, before any agreement, or any negotiations, can be reached, the military clique must be deprived of power, the Japanese army leaders made subservient to the civilian government. For, so long as the militaristic forces rule in Japan, it will be impossible to treat with them.

WASHINGTON PARADE

By GLADSTONE WILLIAMS.

TO HALT FRANKING ABUSE

WASHINGTON, Oct. 10. Revelations to be made in the trial of George Sylvester Viereck, notorious German propagandist who was indicted by a federal grand jury here this week for failure to inform the State Department that he was a paid Nazi agent, are almost certain to bring about needed congressional legislation to put an end to widespread abuse of the government franking privilege.

Already several members of congress are looking into the situation and preparing bills on the subject. Under the impetus of disclosures promised at the German propagandist's trial, they expect some measure to carry with little opposition. The public, it is believed, will demand it.

Abuse of the government franking privilege, under which members of congress and the various government agencies are allowed to send out mail free of postage, has long been a subject of censure in Washington. Both Democrats and Republicans have been guilty of violating the privilege, which is supposed to be extended only to official business.

NO PENALTY PROVIDED

The present law covering the subject is inadequate in that, while defining the uses that may be made of the government frank, it provides no penalty for violations. Perhaps the original framers of the act purposely left it this way for fear of overstepping the bounds of the law themselves.

Demands for reforms, which have been voiced intermittently over the years without results, came to the front again during the summer when it was disclosed that Senator Burton K. Wheeler, leader of the isolationist bloc, had placed at the disposal of one of the noninterventionist organizations 1,000,000 franked postal cards bearing a printed attack on the administration's foreign policy.

Since then the grand jury investigation and indictment of Viereck have produced even more startling revelations of abuses. The story is now well known that some 20 mail bags of isolationist propaganda and congressional franked envelopes were removed last month from the headquarters here of the "Islands for War Debts Committee," which the government claims was financed by paid Nazi agents.

COST NOT REVEALED

Here, then, was an example of government mailing privileges being used by a foreign agency for distribution of propaganda aimed at the United States government. How much the American taxpayers spent to finance this flood of printed argument against the administration's foreign policy is not known. For some reason, it seems that neither the public printer nor the Post Office Department is permitted to make public figures on the extent to which congress makes use of the franking privilege. The only information available, taken from Post Office Department reports, is that last year 45,000 pieces of free mail were carried at a cost of \$1,217,346.

Evidence has been found by independent investigators, however, indicating that tons of isolationist mail have been sent out without postage, thanks to the co-operation or indifference of sympathetic congressmen and senators.

HOW IT'S DONE

Evasion of the law is accomplished by a congressman or senator inserting materials in the Congressional Record, daily journal of house and senate proceedings, and then ordering the desired number of copies from the government printer at prices barely more than enough to cover the cost of the paper. Thus printed in the Record, the material is entitled to be mailed under the cost-free franking privilege.

The member ordering the material, which may be anything or everything, pays for it and is reimbursed by the outside nonofficial organization desiring to send it out—usually for propaganda purposes.

The law specifically states that the franking privilege may not be loaned out to such outside organizations, but the offending congressman or senator gets around this by saying that he was merely turning over to the organization the detail of addressing the envelope for him. In the flagrant cases complained of, it has been shown that they had no idea of the lists to be used for mailings. Instances have been reported of speeches of Senator Wheeler and others being passed out at meetings over the country with franked envelopes so that members of the audience could send the speeches to their friends postage free.

ENVELOPES IN BOSTON

An organization in Boston having no government connection is said to have been found with 100,000 franked envelopes of a member of the senate. The recipient of a congressional franked envelope in Texas found that it was apparently addressed by the same plate that had been used in sending out propaganda from a German agency in Munich. Copies of the same member's franked material have been found to bear cancellation marks from a half dozen cities scattered over the country.

Many of the abuses are expected to figure in the Viereck trial, which is scheduled to develop materials of the 20 mail bags of material found at headquarters of one of the propaganda organizations he financed. Still others will be elaborated on in the congressional debates revolving around new legislation to be offered on the subject.

Although the franking privilege has been loosely used for years, it does appear now that the sum total of the disclosures promised will be sufficient to cause congress to tighten the laws against abuse.

SILHOUETTES

By RALPH T. JONES.

Torsorial Meditations.

There are few duties of life from which I shrink more than the periodic task of sitting in a barber chair while the barber trims my hair.

Not that my favorite barber is at all objectionable. Not that he is not adept with the scissors. But the mere necessity of sitting, idle, while someone plays around the old scalp, snipping, here and snipping there, moving your head into desired positions which you have to maintain, does something to my nervous system.

However, I have evolved a mental occupation which helps to pass the time when in the barber chair. I try to think of all the quotations I can recall, dealing with barber shops and hair. And, thanks to the gift of a book of quotations, from Willis Powell, of Indian Springs—recently acknowledged here—I can check my accuracy of memory.

For instance, when did the torsorial art begin. Well, it was Andrew Lang, writing about primitive man, who said: "But he shaved with a shell when he chose, Twas the manner of primitive man."

That, of course, was imagination. But if you've ever read Pliny you may remember the following paragraph in his "Natural History."

"The first (barbers) that entered Italy came out of Sicily and it was in the 454 year after the foundation of Rome. Brought in they were by P. Tincinus Menus as they report before that time they never cut their hair. The first that was shaven every day was Scipio Africanus, and after him came Augustus the Emperor who evermore used the razor."

And, from James Howell, "One hair of a woman can draw more than a hundred pair of oxen."

Torsorial Meditations. From the news columns of Sunday, October 11, 1916:

"Great pails of puddled

Dudley Glass

**Slick Mr. Turner:
What To Do? Why
Not Chain Him?**

Messrs. Forrest Turner and "Slim" Scarborough, escaped from a prison camp. Fifth time for Turner and ninth for Scarborough. Slick sons-of-guns, aren't they! You have to hand it to 'em. Small boys will point to them with pride and figure out how they'll beat prison—if they're ever in prison. Pair of gallant heroes—like the famous highwaymen of the good old England who beat Newgate prison.

But they have Messrs. Turner and Scarborough locked up again in Tattnall prison. Because they dearly loved to show off. They escaped, gained freedom, and then messed around to tree a bunch of convicts from a camp. Most of whom didn't want to be freed. So they sat by the highway, waiting to be picked up.

I'm always threatening—when my dog insists on barking of nights—to cut his tail off just behind his ears. But he is so penitent I yield.

The FBI adopted, unofficially, in the Dillinger case and several others, the policy of shooting the outlaws dead and explaining afterward. A dead outlaw has small chance of retaining a "mouthpiece," who will get him out on bond, so he can go ahead and kill more people and steal more money to pay the lawyer's fees. A dead outlaw is of no use to anybody. Not even a lawyer. And a dead outlaw saves the courts a lot of expense.

I am not familiar with the life stories of Messrs. Turner and Scarborough. They are amusing cusses. They provide a lot of news stories. They get out, raise hell, are caught, locked up again, get out again. It would be funny—except that it costs the taxpayers a lot of money—and sooner or later somebody is going to get killed. Just in a spirit of fun.

Messrs. Turner and Scarborough have had their good times. It seems to me it would now be the turn of the state to take a hand.

I wouldn't be in favor of shooting them at sunrise on any other time.

But I think few months in shackles, sitting out in the sun with a nice pair of hammers, making little rocks out of big ones, might have a salutary effect. Why didn't they beat it out of Georgia

INSURANCE EXECUTIVES—Examining a copy of The Constitution which contains an editorial on the president of the Penn Mutual Life Insurance Company are (left to right) Eric Johnson, vice president of the Penn Company; John A. Stevenson, the president, and Hurd J. Crain, Atlanta agent for Penn. Underwriters and agents of Penn Mutual are holding a two-day conference at the Biltmore hotel.

when they had a chance? But they wanted to show off!

"Dick Smith."

So I'll never go fishing with "Big Dick" Smith.

W. R. C. Smith is the directory, publisher of trade journals. He passed on last Tuesday.

Grand guy. Always with a smile. Something of the Rotarian type—he had been a district governor of Rotary. Booster. Glad-handier. Sick man for years, but you wouldn't hear him mention it. Good old scout.

"Big Dick" had a place up near Highlands, N. C. Fishing preserve. Big camp, with modern comforts. Loved friends. Loved to have them about him.

Never a year passed he didn't invite me to come up and fish or just loaf and play poker. And always I'd say: "O. K., Dick, just set the date."

And when he did set the date it was always just when I could get away. So I never did get to go fishing with Dick.

W. R. C. Smith was a "furriner." A dandyman, born in Michigan. Show me how many Atlantans

were born in Georgia who were better Georgians—or Atlantans—than "Big Dick." He loved his friends and he loved his work—and he loved his town. And got out and worked to make it bigger and better.

Too many men like Dick Smith are passing on and out. Who are taking their places? I pause for reply.

Suggested defense slogan, "Buy a Bond for Your Blond," hasn't made such a hit. No posters carry it. Too many men have brunet wives. One might suggest: "Save country and house by a bond for your spouse." But, on second thought, that isn't so hot, either. She'd prefer a couple of pairs of silk stockings—before they're all gone. Or the down payment on a fur coat.

After it was set the date it was always just when I could get away. So I never did get to go fishing with Dick.

W. R. C. Smith was a "furriner." A dandyman, born in Michigan. Show me how many Atlantans

Penn Mutual Official Urges Savings Plan

Inflation Is Peril of Future, Says Visitor to Atlanta.

While defense dollars are rolling, that is the time to practice thrift and saving, John Alford Stevenson, of Philadelphia, president of the Penn Mutual Life Insurance Company and vice president of the Navy League of America, declared yesterday.

The head of one of the largest insurance companies was here to talk over insurance affairs with agents of his company from five southeastern states at the Biltmore hotel, but he took time out yesterday to discuss the evils of inflation.

Advocating the John Maynard Keynes plan of "blocked (compulsory) savings" as expounded in Keynes book, "How to Pay for the War," Stevenson emphasized the necessity of saving the free-flowing defense dollars now to avoid greater inflation later.

"Don't let anybody kid you that we haven't got inflation right now," he said.

His theory of preventing serious consequences of inflation is to balance off spending-money and consumer goods—that is, through everybody saving as much as possible now to prevent competitive buying running the prices higher and higher.

Men Sentenced For Violating Narcotic Act

13 Other Persons Ordered Imprisoned by Judge Underwood.

Jelks Leroy Thrasher pleaded guilty to violating the Harrison Narcotic act and was sentenced to five years in a federal penitentiary by Judge E. Marvin Underwood in district court yesterday.

Clarence L. Smith was sentenced to two years on a similar charge and 13 other persons were ordered imprisoned for terms ranging from four months to two years for internal revenue and motor theft charges.

Those pleading guilty and the sentences imposed: William Haygood Thompson, motor vehicle theft, two years in a penal institution; Dale Charles Canfield, motor vehicle theft, a year and a day to run at the expiration of a sentence he is now serving; James Cecil Barron, internal revenue, four months; Eddie Streyhorn, internal revenue, six months; Berne Sutton, internal revenue, six months; Juel Harris, internal revenue, 18 months; Cleveland Roylee Coran, National Motor Vehicle theft, eight months; Paul Dillard, internal revenue, six months.

After the pseudo swap, the delegation left for Athens to attend the football game, with the Georgia Governor and Mayor LeCraw and group of Atlantans accompanying them.

Doctors' Subsidy Urged for State

Subsidizing young doctors with a free office and a guaranteed salary was suggested yesterday as a means of coping with a dearth of physicians in Georgia rural areas.

The proposal was advanced by Dr. G. Lombard Kelly, dean of the University of Georgia School of Medicine at Augusta who said that proper distribution of physicians and adequate facilities for the poor were the state's most acute health problems.

He also recommended that the state subsidize from \$50 to 100 beds in the University hospital associated with the medical school at Augusta. The beds would be used for medical and surgical cases from all parts of the state.

Police Seek 3 Youths In Station Robberies

County police yesterday sought three young men who held up attendants of two Stewart avenue filling stations and obtained about \$100.

The youths, in a stolen automobile, later abandoned, descended on the Spur station near Dill avenue shortly after 1 o'clock, and the Clark station at Pershing road 20 minutes later. One held a revolver while the others robbed the victims. A money changer taken from the Clark station was found in the automobile, discovered by County Patrolman E. D. West at Pryor street and Lakewood avenue.

Don't envy anyone who picked up a splendid used car. Do as HE did. Find one exactly like it in the Want Ads of The Constitution.

Good Morning

By LOUIE D. NEWTON.

CHRIST OUR SAVIOR. Sunday's lesson, Matthew 20:28, and Luke 19:1-10, continues the present series of studies of Great Christian doctrines in a striking presentation of Christ Our Saviour. There are a number of other Scriptural passages suggested by the International Lesson Committee, and when one examines again these great and precious promises concerning the redemptive plan of our heavenly Father, the question inevitably arises, How can anyone reject the plan of salvation brought nigh unto everyone?

The golden text: "For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life." And that is exactly what it means.

If you die and go to hell, it will be your responsibility, not God's. He has brought salvation nigh unto you. It was for you that Jesus died on Calvary's cross.

He came to seek and to save you. "Whosoever will, let him take the water of life freely."

"I am come that ye might have life, and that ye might have it abundantly."

Jesus Christ is Christianity. He is the theme of the Bible.

And the central thing about Christ is His Saviourship of sinners. He is the Person of salvation.

Him and Him alone. "There is none other name given under heaven among men whereby we must be saved."

"Thou shalt call His name Jesus, for He shall save His people from their sins."

Jesus is our Prophet, Priest and King, but not until first He has

The Pulse of the Public

The Constitution invites expression of opinion by its readers. This column is open for that purpose. All communications must be signed and all are subject to editing for conservation of space. Brevity makes argument effective and impels attention.

CHRISTIANS WILL USE GUNS IF NECESSARY

Editor, Constitution: Answering Mr. John G. Clark, of Acworth, Ga. If we don't defend our country we can't defend our homes and therefore we can't defend Christianity, for that is where the basic spirit of Christianity originates. If guns are necessary for these three fundamental defenses most of us must agree that Christ, were He living, would not condemn us for exercising self-defense for the preservation of all that men hold sacred.

Once again we are Crusaders, but using modern methods. Democracy, defending the true Christian spirit of mankind includes freedom of religion, safety in thought, speech and action within the bounds of the self-governed. We strive to defend these Christian principles of liberty at any cost—if necessary—guns.

SOUTHEASTERN FAIR ANNOUNCES 1942 PLANS

Editor, Constitution: Sunday night we brought to a conclusion

one of the greatest Southeastern Fairs in history and at the same time broke all attendance records.

The officers and directors of the Southeastern Fair Association wish to express deepest appreciation to The Atlanta Constitution and its staff for their wonderful co-operation during the year 1941.

We have definitely decided to repeat our theme, the American Youth Jubilee, for next year, as well as to continue our relationship from year to year, I am

Yours very truly,

MIKE BENTON, President.

Atlanta.

MAY REPAY TINY TIM THIS CHRISTMAS-TIME.

Editor, Constitution: As the Christmas season nears, we shall hear again over the air and in the air all the sweet carols which have come to us from Britain; we will listen to the story of Bob Cratchit and Tiny Tim, and the regeneration of Mr. Ebenezer

Scrooge. All the British customs which we have adopted here in celebration of Christmas—the Yule Log, the bon's head, peaceful hearts and happy laughter—all of these fine old British traditions will make us think even more unhappily of Christmas in Britain this year. Of the thousands of little British boys and girls, crowded out of their homes, living among strangers in emergency billets with proceeds of anything like a Merry Christmas.

We are in America if we act at once, can give these homeless British youngsters the happy Christmas which they do not now expect. The British War Relief Society, 730 Fifth avenue, New York, is appealing for gifts to send packages of American toys and sweets on a ship leaving New York harbor before November 1. A contribution of \$1.00 will buy a Christmas parcel for one British child. This is a magnificent opportunity for lovers of children to be generous in the immemorial spirit of Christmas, a real chance to send your personal greeting to Tiny Tim in his bleak little billet.

Petrels Lose To Troy Squad On Late Score

Muff Several Chances as Alabamans Win, 3 to 0.

By JOHN MARTIN.

The Troy Teachers taught the Oglethorpe Petrels not to hand out reciprocated favors with such infinite splendor yesterday.

It took only one swing of the right foot by Professor David Gafford to give the Petrels a complete education in football philanthropy and his fellow Professors a 3-0 victory at Hermance Field.

A crowd of two or three hundred students saw John Patrick's Birds repeatedly blow their opportunities and climax these misgivings with a fumble and a rule infraction that cost them a game which they easily could have won.

SCORE IN LAST 4 MINUTES.

Gafford's decisive placekick came too late for the Petrels to do anything about it. Only four minutes were left when the Teachers' wingback lobbed the ball through from the 20-yard line. It halved the goal posts in a lazy, end-over-end manner and barely had enough stuff on it to make the distance.

Oglethorpe received and took the only way out, but the gate was closed. Not because the Teachers were guarding it, but because Pete Maman's passes to Charlie Waller were sliding out of bounds. Twice in succession Waller maneuvered into an open field with nothing but white stripes separating him from goal. But Maman's wobbly passes were buffeted out of reach by a brisk wind and with them went the last hopes of the homelings.

Troy got in position to score after Waller and Ferrar fumbled the ball at the Petrels' 20 on an attempted execution of the Statue of Liberty play. The Teachers made up an outside penalty with a pass from Hager to Hanks on the Petrel nine. The Birds were docked for roughing and the ball was at the one. Vigorous tackling by Julian and Roberts tossed Troy back to the 10 and a line buck by Harrelson placed the ball in position for Gafford's field goal.

No Bowl Games Notre Dame will not be a candidate for any of the bowl games. Coach Frank Leahy asserted in Atlanta today.

"The Notre Dame policy is not to engage in post-season games and it will not be altered," Leahy pointed out.

This was in answer to a recent story that Notre Dame, now that Leahy is head coach, was a Sugar Bowl possibility. It was a shot in the dark.

While Leahy took Boston College to successive Bowls in his two seasons as head coach, he has no Bowl ambitions at Notre Dame.

"We had a fine time at the Bowls and the hospitality was wonderful, but it is a bit hard on the boys and takes them away from their studies," he added.

"And Notre Dame doesn't need the money?" interposed a bright young newspaperman.

Frank Leahy merely grinned.

Leahy just about saved Boston College's athletic life by winning a bid to the Sugar Bowl game last season. The school's sports fund had run out.

Harry Mehre was seated at the table with Leahy when the question of bowls arose, and Mehre added:

"Mississippi AND Notre Dame will not play in Bowl games this season," he quipped.

Another O'Rourke! Angelo Bertelli, Notre Dame's clever left half-back, is built and also conducts himself on the order of Charley O'Rourke, Leahy's climax player at Boston College.

"He is very much like O'Rourke," Leahy declared, "the bean pole type. He stands six foot one-half inch and weighs 175."

There was hardly a finer left half in the country than O'Rourke last year. He won every game that Boston College needed to win, including Georgetown and Tennessee. His passing put Tulane behind. His passing and running beat Tulane, Auburn and others.

This Bertelli has been given many rave notices already, and if he is another O'Rourke, heaven help the Irish opponents!

Oh, Well The incident that takes the frosted cheese cake occurred on the eve of the Tech-Notre Dame game.

A caller, one of numerous "phonetics" who sometimes don't seem to know the time of day, asked: "Who's Tech playing tomorrow?"

He was told,

Then he said, "How do you spell that—N-o-t-r-a?"

YOUNG IRISH COACHES—Here is part of Notre Dame's resourceful young coaching staff as it huddled yesterday at Grant field and plotted against those Yellow Jackets of Georgia Tech. Left to right are Ed McKeever, backfield coach; Joe McArdle, line coach; and Frank Leahy, head coach. All were members of the Boston College staff last season. Story about game is printed on Page 1.

Russell Runs Doses of Oxygen Help To Win Over W. Fulton, 20-0

Foster Ratteree and Dempsey Pace Wildcats To Easy Victory.

By BOB BOWEN.

Russell's Wildcats lived up to predictions last night and defeated the West Fulton Owls, 20 to 0, at East Point.

Their kicking off Russell in the first quarter, but the visitors started rolling early in the second to run up the score. With Foster Ratteree sharing the plunging and passing honors with Bo Dempsey, the Wildcats marched to a score.

Parham made the touchdown. Russell had three tries to score the extra point, but a placement, pass and plunge failed. As the half ended Russell led West Fulton, 6 to 0.

Russell came back in the third to score a touchdown and a safety on the Owls. The touchdown came as Ratteree scored from the nine. The score was set up after Ratteree ran 30 yards on a lateral from Dempsey and Dempsey followed with a 16-yard gallop.

Soon after the Owls yielded two more points when Captain Womble, of Russell, tackled a West Fulton runner behind the goal. With the ball set on their 20, West Fulton fought back, but a pass interception by Ratteree set up the last Wildcat score.

Ratteree rammed the line for the score. In the first quarter West Fulton dominated, with Walraven, Bostwick and Hartsfield leading a drive to the Russell 20. Russell intercepted a pass on their 13 to stop the march. West Fulton had a chance when Russell fumbled, but lost it on the next play on a fumble.

In the second quarter Russell (20) vs. W. FULTON (0).

Inhalator on Sidelines Used by Georgia Star Whose Wired Teeth Keep Him From Breathing Freely.

By JOHNNY BRADBURY.

SANFORD STADIUM, ATHENS, Ga., Oct. 10.—An oxygen inhaler had a lot to do with keeping Georgia's Frankie Sinkwich in the game against Ole Miss here tonight.

The contraption, used a lot for the benefit of players who are not in good condition, was on the sidelines, and when the great tailback, who has his jaw wired together, came out of the game, he was given a charge of oxygen. It helps a lot to revive boys who are not in condition.

Sinkwich is in condition, but his breathing is affected by his tight jaw.

Any doubts about Frankie being gunshy were dispelled on the first kickoff. He knocked down an Ole Miss man as Lamar Davis ran it back 49 yards.

Davis made another brilliant return of a kickoff, going 52 yards this time. Merle Hapes did not start the second half, but he missed a first down by two yards and it was fourth down. So Kimsey kicked and barely got it off. The ball slithered out of bounds at the Ole Miss 35.

Allen replaced Sinkwich almost every time Mississippi got the ball. However, Frank did play a good job on defense and turned in a swell job.

Davis' 45-yard touchdown run on a play which was made possible by the rules changes, allowing the ball to be handed forward. He also ran for a touchdown against Mercer on the same play.

The game was unusually clean. In the fourth period, there had been only three 15-yard penalties, two for holding and another for intentional grounding of a pass.

Tulane Picked Over Rice; Gophers Favored Over Illinois Today

70,000 To See Golden Bears Play Broncos

Duke, Fordham, Nebraska Liked; Vandy Gets Nod Over 'Cats.

By BILL BONI.
NEW YORK, Oct. 10.—(P)—Texas, Tulane, Stanford and Pennsylvania, early-season sectional standouts, take the threatening opposition. Minnesota, rated a good bet to repeat at the nation's No. 1 team, plays its first Big Ten game against Illinois, and Notre Dame and Fordham make southern invasions to furnish the principal battles on tomorrow's college football program.

California's come back try against Santa Clara, with 70,000 expected to be on hand, should set the day's attendance high.

The Texas-Oklahoma clash at Dallas and Minnesota's first home game are expected to attract 45,000 each.

Though the first two weeks of competition already have begun to show which teams have something and which have only hope, this week's problem of picking winners isn't made any simpler by the heavy proportion of sectional games. However, with a prayer for a dry field, here goes (probable attendance in parentheses):

Texas-Oklahoma (45,000).—Longhorns are rated the class of their conference, and haven't thrown any doubt on that estimate in the first two starts.

Georgia Tech-Notre Dame (31,000).—The Engineers have two wins back, but Johnny Bosch and Davey Eldredge. But if the Irish seem to have the depth, so it's Notre Dame.

Yale-Penn (30,000).—Yale has a fine new spirit and some fine new backs. The edge, however, seems to be Penn's.

Rice-Tulane (30,000).—The Green Wave has a strong running game this year to go with the customary power.

Tulane-Fordham (70,000).—The material others were supposed to have hasn't clicked yet. Off that, Michigan.

Calif.-Santa Clara (70,000).—Jacobsen on the shelf, and after that Washington State loss, this vote goes to the Trojans.

Northwestern-Cornell (40,000).—With most of its returning veterans at almost every position, Northwestern will be tough for anybody, and should be a couple of touchdowns too tough for the Badgers.

Cornell-Harvard (26,000).—Loyal Ithacans need no surprise. Harvard's rout by Penn was off that.

North Carolina-Fordham (26,000).—Having been given its largely sophomore mistakes against S. M. U., this should not be too difficult for Fordham.

Michigan-Oregon (35,000).—Looks like more trouble for the Trojans.

Navy-Lafayette (20,000).—Up anchor and away for the sailors.

Maryland-Duke (15,000).—The Dukes and handily.

Harvard-Dartmouth (12,000).—They say the Raiders' real strength hasn't been shown yet. Colgate probably won't either.

Princeton-Columbia (30,000).—A lion is loose in the peaceful Columbia.

Florida-Villanova (10,000).—A shaky vote for Villanova.

Kansas-Baylor (10,000).—Baylor and Jack Wilson.

Washington State-Washington (12,000).—Washington is in touch once again.

New York U-Texas A. & M. (20,000).—N. Y. U.'s boys should wind up being sorry they asked for this game. Texas A. & M. and

Louisiana State-Mississippi State (25,000).—The simplest choice would be State-app State.

Arkansas-Texas Christian (15,000).—T. C. U. by a shade—and probably by a pass.

Princeton-Columbus (30,000).—A lion is loose in the peaceful Columbus.

Michigan-State-Marquette (16,000).—A shade to Marquette.

Syracuse-Georgia (15,000).—Johnny Gruen and Holy Cross.

Kentucky-Vanderbilt (12,000).—Blind man's bluff. Vanderbilt.

East-Army over Virginia Military

**Savannah Yacht
To Ride Herd
On Seals for U.S.**

**Vol Foes Ready;
Not Sightseeing**

Knoxville, Tenn., Oct. 10.

(P)—A confident, determined band of football players from Dayton University arrived here today, fit and eager for their battle tomorrow with Tennessee's Volunteers.

"We realize that we are a little out of our class," said the Flyers' coach, Harry Bauman, "but we didn't come down here to see for the Smoky Mountains or Norris Lake, Tennessee will have to put out if they are going to beat us. We have 33 boys who know how to play football, and they're all in shape."

Not so challenging, the Vols' tactician John Barnhill merely remarked that "We're expecting quite a battle from them."

A special train bearing 700 Dayton fans and a 50-piece band will arrive tomorrow morning. Some 15,000 fans, including school children to be admitted free, were expected to see the 2 p. m. kickoff.

Washington Wins.

Washington, Oct. 10.

Washington nosed out Commerce, 8 to 7, here today.

**Judge Landis Ill;
Has Severe Cold**

Petoskey, Mich., Oct. 10.

Judge Kenesaw Mountain Landis, commissioner of baseball, was brought to the little Traverse Harbor here today suffering from what physicians described as "a very severe cold."

Judge Landis has been at his cottage on Burd Lake, east of here, for several days, and was said to have contracted the cold while fishing.

Dr. Dean Burns said his condition was not serious.

JUMPIN' JOHNNY—Despite an injured knee, little Johnny Bosch will be in there against Notre Dame this afternoon at Grant Field. Johnny played brilliant ball

his first two times against the Irish and figures to make his last performance his best. Tech will be counting on him to even things up against the favored Irish.

Wheeler Boys To Watch Irish Meet Jackets

Soldiers Organize Own Trip, Charter Two Buses for Game.

CAMP WHEELER, Ga., Oct. 10. Two busloads of soldiers from Camp Wheeler will be on the road from Macon to Atlanta Saturday evening en route to their way to the Georgia Tech-Notre Dame game at Grant field.

Football fans all, these boys have organized their own trip. There will be about 70 of them in the party, including Captain Walter Massey, chaplain of the 12th Training Battalion and Lieutenant Patrick MacDwyer, chaplain of the 11th Battalion.

The idea originated with Private William J. Tettlow of Company C, 12th Battalion. He spread the word around, found a willing crowd of supporters and then broached the idea to Captain Massey. The officer said, "Sure, why not?" and went ahead to arrange for the tickets to the game and the chartering of the first bus.

The word reached Lieutenant MacDwyer and he got a similar movement started in his battalion.

So there will be two busloads of official emissaries from Camp Wheeler to Grant field Saturday morning. Hundreds of other soldiers are coming as individuals to complement the official party.

D. C. Belk, of Greenwood, S. C., captured the Class D title with 170. Runners up in Class B was Fred Kahler of New Albany, Indiana, with 169. H. J. Lewis, of Atlanta, was second in Class C and Mrs. Clyde King held this spot in Class D.

Jack Twy, of Atlanta, won the 25-yard run.

Terrell ran for 25 yards on a right end run, putting the ball at the Georgia 40. Ebanks failed on end around. A long delayed

Earhardt, Georgia center, intercepted the next pass at his own 32. There was little more than three minutes left in the game.

Allen and McPhee picked up seven yards. Allen rammed the line for a first down at the Georgia 13. Sinkwich returned to the goal after a brief rest.

But Franklin didn't get anywhere on a couple of tries at the line. He lost a couple of yards. On his third attempt he merely picked up what he had lost and added a couple of yards for good measure.

Georgia lost five yards for excessive time. Ole Miss, on the next play, was off side. There was only 25 seconds left to play. As Lamar Davis was hemmed up and brought down after trying to sweep left end, the hands of the clock stood at one and fraction seconds of the finish.

Ole Miss drew two five-yard penalties for excessive time. The game ended as Hovious tried a long, futile pass which Sinkwich broke up.

Although ineligible for the championship, F. H. Woodcock, Atlanta pro, had the highest score in the singles competition.

He scored a straight on his second, 100, as did Lutz, president of the Amateur Trapshooting Association.

The preliminary handicap will open today's program at 8:30 a. m. and the handicap championship will wind up the annual event in plenty of time to allow participants to make the kick-off for the Tech-Notre Dame game.

Although ineligible for the

championship, E. H. Woodcock,

Lewis Asks Senate Probe Of Lumber Bid

Currier Firm's Price on Government Order Called Lowest.

WASHINGTON, Oct. 10.—(P)—John L. Lewis, former president of the CIO, urged a Senate investigating Committee today to question defense officials about the delay in awarding a contract on a Federal Works Agency housing project at Wayne, Mich., to the low bidder.

In a telegram to Chairman Truman, Democrat, Missouri, of the senate group, Lewis referred to the Office of Production Management's "extraordinary policy" in recommending that the contract not be awarded to the Currier Lumber Company, Detroit, builder of pre-fabricated houses, on the ground that it might cause "repercussions" among American Federation of Labor unions. Currier, which has a CIO contract, bid low by \$431,000.

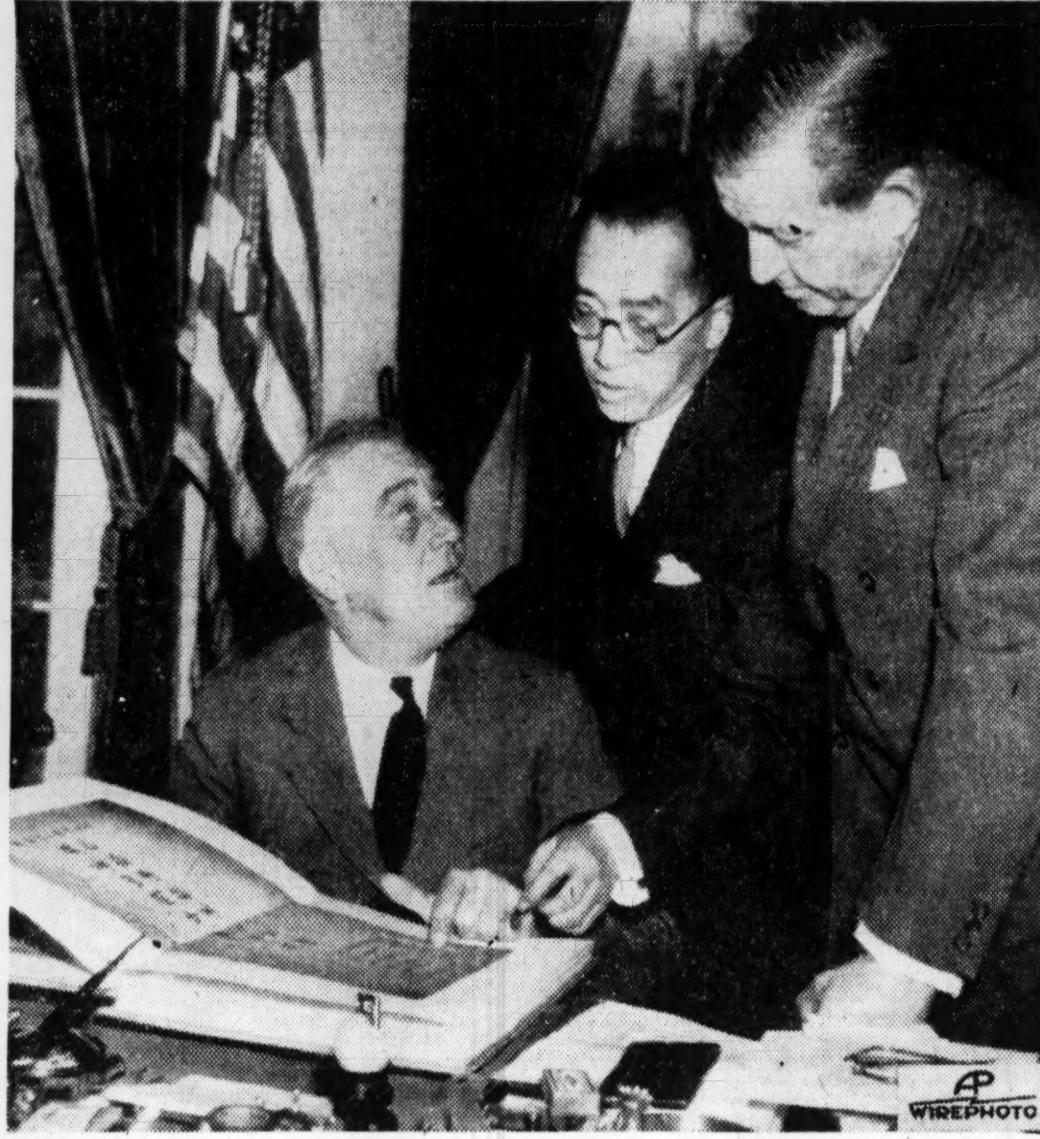

At the same time, it was learned that Thurman Arnold, Justice department anti-trust chief, had advised John M. Carmody, general works administrator, that the case appeared to be violations of the anti-trust and other laws of a kind which had been prosecuted in the past and which "in the interests of equal administration of law requires action on our part."

Arnold told Carmody in a letter, an authoritative person said, that he saw no reason why the FWA should hesitate to let the contract to Currier in spite of threats of interference by the AFL with completion of the project.

NOTICE TO CRESOTE TIMBER DEALERS AND SUPPLY COMPANIES. Sealed bids will be received by the State Supervisor of Internal Revenue, Atlanta, Georgia, at 10 a.m., Eastern Standard Time, October 22, 1941, at the State Capitol, Room 111, Atlanta, Georgia. Specifications may be secured at the above address. The Act of the General Assembly of Georgia, approved March 24, 1939, CARSON SMITH, Supervisor of Purchases.

NOTICE TO ACCOUNTANCY EXAMINATORS.

The Georgia State Board of Accountancy will hold examinations at the State Capitol, on Thursday, October 17, 1941. Information and application blanks may be secured from R. C. Coleman, Joint Auditor, Room 111, State Capitol, Atlanta, Georgia.

10,000 CHINESE—That number of Orientals, students and teachers in American-supported Christian colleges in China, signed the scroll here being presented to President Roosevelt by Dr. Hu Shih (center), Chinese ambassador, and James G. Blaine (right), chairman of United China Relief, on the 30th anniversary of the Chinese republic.

NORWOOD POSTMASTER.

WASHINGTON, Oct. 10.—(P)—President Roosevelt has nominated Claude M. Swain to be postmaster at Norwood, Ga.

The old store brings new cash when advertised through the Want Ads of The Constitution.

Municipal Revenue Collector, Ex-Officio Marshal's Sale

I will sell before the City Hall door the corner of Peachtree and Decatur Streets, on the first Tuesday in November, 1941. Notice is hereby given that on and after 12 o'clock noon, all accessories will be sold at public auction to the highest bidder, for cash, at Harrison's, 100 Peachtree Street, on October 21, 1941, at 10:00 a.m., as provided by Section 3724, United States Internal Revenue Code, W. D. Hearington, District Supervisor.

TREASURY DEPARTMENT, Office of District Supervisor, Alcohol Tax Unit, Bureau of Internal Revenue, Atlanta, Georgia. Date of first publication, October 11, 1941. Notice is hereby given that on and after 12 o'clock noon, all accessories will be sold at public auction to the highest bidder, for cash, at Harrison's, 100 Peachtree Street, on October 21, 1941, at 10:00 a.m., as provided by Section 3724, United States Internal Revenue Code, W. D. Hearington, District Supervisor.

F.I. FA NO. 434—Also at the same time and place the following described property, to-wit: A certain City Lot No. 14, Land Lot 12, in the 14th District of Fulton County, Georgia, fronting 50 feet on the south side of Grant Street between Berne and Warwick streets and running back 152 feet more or less in an easterly direction. The house numbers in the below listed property are correct as far as present tax books and are as advertised, to-wit:

Also provided is a plan for a single physical examination for registrants, by Army doctors instead of local physicians, to be tried in Georgia for two months beginning November 1, and if successful then adopted over the nation.

The rehabilitation plan came after studies by selective service officials that showed nearly 50 per cent of all men who came up for physical examinations were rejected, and that half of these were kept out of the Army because of defects which could be remedied.

Leading the lists of remedial ailments are bad teeth, venereal disease and nutritional defects.

Local board doctors henceforth only will weed out obviously unequal qualified registrants, and give blood tests for venereal disease. In larger communities, even the blood test will be given by a public clinic or hospital.

Stations to which Georgians will go for examination are Fort McPherson, Fort Benning, Camp Stewart and Fort Oglethorpe and later the Valdosta Air Base and the Army camp at Augusta.

Thousands of Draftees in State To Be Treated for Minor Defects

Thousands of Georgians who have been deferred from military service because of minor physical defects will be treated by local physicians at government expense and put in the Army under a new plan announced yesterday by state draft officials.

Also provided is a plan for a single physical examination for registrants, by Army doctors instead of local physicians, to be tried in Georgia for two months beginning November 1, and if successful then adopted over the nation.

Leading the lists of remedial ailments are bad teeth, venereal disease and nutritional defects.

Local board doctors henceforth only will weed out obviously unequal qualified registrants, and give blood tests for venereal disease. In larger communities, even the blood test will be given by a public clinic or hospital.

Stations to which Georgians will go for examination are Fort McPherson, Fort Benning, Camp Stewart and Fort Oglethorpe and later the Valdosta Air Base and the Army camp at Augusta.

Thousands of Georgians who have been deferred from military service because of minor physical defects will be treated by local physicians at government expense and put in the Army under a new plan announced yesterday by state draft officials.

Also provided is a plan for a single physical examination for registrants, by Army doctors instead of local physicians, to be tried in Georgia for two months beginning November 1, and if successful then adopted over the nation.

The rehabilitation plan came after studies by selective service officials that showed nearly 50 per cent of all men who came up for physical examinations were rejected, and that half of these were kept out of the Army because of defects which could be remedied.

Atlanta Authors To Provide Inspiration for Many Parties

By SALLY FORTH.

• • • ATLANTA BOASTS no more beloved resident than Dean Raimundo de Ovies, of St. Philip's Cathedral, and for that reason much interest is being manifested in his new book "The Church and the Children." Published by Morehouse Gorham Company, it is just off the press.

In no sense is it one of those dull, technical works, ponderously dogmatic. It is delightfully written, expressing a keen understanding of children, and will appeal to anyone interested in the process of educating children in the church.

Always sensitive to his audience, Dean de Ovies is a brilliant and engaging speaker, never failing to hold the undivided attention of his listeners. His writings express this same enviable quality. His book is an exceptional one of its kind, for he has drawn from his own knowledge of and love for children as well as from his clinical experiences.

Dean de Ovies has had many years' experience in dealing with children and young people, besides being conductor of the famous radio program "The Church of the Children," which is heard by thousands of interested listeners every Saturday afternoon.

It's always fun being an author in Atlanta, because the publication of a book never fails to be the signal for a round of interesting parties. Dean de Ovies, of course, will not be without his share of special entertainment.

Monday afternoon the Dean will be honored at the informal reception to be given by Raymond Kline at Davison's tea room, at which time he will be paid homage by the interested group in attendance.

This is a very busy month where authors are concerned, for several Atlantans besides the Dean have books just off the press. One of them is lovely Mrs. Stewart Clark, who under the pen name of Virginia Clare, has written "Thunder and Stars," which deals with the life of the late Miss Mildred Rutherford, of Athens.

The official publication date of "Thunder and Stars" is next Wednesday, and that afternoon former students of the old Lucy Cobb Institute, of which beloved "Miss Millie" was the guiding light, will gather for a tea in honor of Virginia. "Miss Millie" took a keen interest in and devoted the greater portion of her time to delving into the history of the Confederacy. For that reason it is most appropriate that the tea should be held in the Robert E. Lee room at Davison-Paxon's.

Then there is Dr. Anderson Scruggs, whose new book of poems "Ritual for Myself," will be released Monday. A number of parties being planned for Dr. Scruggs already have been announced. Mrs. Robert Church will review his book on Wednesday morning, October 22, at 9:30 o'clock at Davison's, after which he will busily himself with autographing.

Friday, October 25, Maurice Hindus, famed author and lecturer, will be here to speak at Agnes Scott College, and the following day he will be honored at the luncheon and autographing party to be given by Raymond Kline at Davison's. The author's latest book is titled "Hitler Cannot Conquer Russia" and is being received everywhere with the greatest enthusiasm.

• • • HAVE you made arrangements to entertain some of the boys from the U.S. Naval Reserve Air Base for dinner on Sunday? If not, please call HEMLOCK 1467 at once and tell Mrs. Wilmer Dutton how many you will take.

• • • IMPORTANT among prominent visitors is Mrs. Christopher Memmenger who motored from Asheville to spend the week-end with her brother and sister, Mr. and Mrs. Mitchell King, at their Habersham road residence. Diminutive, five feet and two inches, Mrs. Memmenger possesses a witty air as she is wont to do.

At the former Mary King, she was born and reared in Charleston, where her aristocratic forebears had much to do with the cultural advancement of her native city and South Carolina. She is the daughter of the late Judge and Mrs. Mitchell King, whose home on King street was filled with museum pieces of furniture, paintings and china.

Mrs. Memmenger lived abroad many years and unhesitatingly says that Paris is her favorite European city. When the second World War started, she was in Europe, and in escaping the horrors of war, Mrs. Memmenger embarked on the Queen Mary, when that passenger ship made her last voyage before being put into commission as a wartime vessel. The voyage marked Mrs. Memmenger's fifthtieth crossing on the Atlantic ocean.

Languages come to Mrs. Memmenger with the greatest of ease and she has French, German, Italian and Spanish at her command. Her favorite reading matter is French and English history, and she is never happier than when turning the pages of book written on historic facts.

She did her bit of war work for England by giving several thousand dollars to aid British children, and was recommended for her generosity in a letter from Mrs. Winston Churchill. Mrs. Memmenger gave generous sums to help with children in Asheville in memory of her beloved daughter, the late

Hitch-Morrison Rites Announced

Miss June Hitch became the bride of Frank H. Morrison at a quiet ceremony taking place at 5 o'clock yesterday afternoon at the Little chapel of the Glenn Memorial church. Dr. Lester Rumble officiated.

Banking the altar were palms and ferns against which were placed arrangements of white gladioli and chrysanthemums and cathedral candelabra holding lighted white tapers.

G. H. Hitch gave his pretty young daughter in marriage and Ensign Jervis D. Morrison, of Washington, D. C., acted as best man for his brother.

Mrs. G. H. Hitch was her daughter's matron of honor and only attendant. She was becomingly attired in a costume of taupe angora wool, with which she wore a brown wool hat and alligator accessories. Her flowers were a shoulder cluster of talisman roses and valley lilies.

The lovely young bride wore a stunning tailored suit of cadet blue. Her hat was an off-the-face model of brown felt trimmed with a short veil and her accessories were alligator. A shoulder spray of bronze orchids completed the ensemble.

Immediately following the ceremony Mr. and Mrs. Hitch honored the bridal couple at a dinner at the Biltmore hotel. The handsomely appointed table was centered with an arrangement of white flowers and ferns, carrying out the green and white bridal motif.

Later in the evening Mr. Morrison and his bride left for their wedding trip, after which they will make their home at 38 Dale drive, N. E.

Mr. and Mrs. Jack J. Harber Jr. announce the birth of a daughter on October 8 at Piedmont hospital. The baby has been named Carolyn Melton for her mother, the former Miss Carolyn Melton, of West Point.

Mr. and Mrs. E. T. White, of East Point, announce the birth of a son, William Richard, on September 15 at Crawford Long hospital. Mrs. White is the former A. J. Martin, on Lenox road, the ceremony to be followed by a reception.

The marriage of Miss Eleanor Hoguet and Paul DeGrove takes place at nuptial mass at 11:30 o'clock at St. Patrick's cathedral in New York, to be followed by a wedding breakfast given by the bride-elect's parents, Mr. and Mrs. Robert Louis Hoguet, on 92nd street.

The marriage of Miss Frances Louise Tigner and Lieutenant Bruce Harold Corwin, of Fort Benning and Fountaintown, Ind., takes place at the Little Chapel at the Glenn Memorial church.

Invitations have been issued to Misses Ann Allen, Grace Barton, Ydione Binford, Lillian Black, Melrose Black, Josephine Elarbee, Marie Ellington, Ruth Forner, Laura Ella Gant, Emily Gregory, Rosemary Hughes, Kay Hutchinson, Thene Morris, Mildred Sault, Caroline Todd and India Upchurch.

Invitations have been issued to Misses Louise Stockdale and Josephine Kennedy entertain at a luncheon at the Henry Grady hotel for Miss Doris Eleise Camp, bride-elect.

Mrs. Herbert C. Fowler entertains at a luncheon at Rich's for Miss Eleise Johnson, bride-elect.

Mrs. H. W. DiCristina entertains at a breakfast at her home on Golf circle for Miss Isabelle Blodgett, of Gainesville, and her fiance, Price Moncrief Jr., preceding the game, and after the game, the couple will be honored at a cocktail party to be given by Mrs. Norris Maffett and Mrs. Frank Dobbins.

Mrs. Winston El Gainer entertains at the dinner-dance at the Piedmont Driving Club for Mr. and Mrs. Abbott Turner, of Columbus.

Mr. and Mrs. Lon Grove entertain at a cocktail party at their home on Barksdale road after the game for their guest, Mrs. Percy Perkins, of Memphis, Tennessee.

Mr. and Mrs. Edward G. Hitt entertain at the dinner-dance at the Piedmont Driving Club for Mr. and Mrs. Abbott Turner, of Columbus.

Knights of Columbus will celebrate Columbus Day at the dinner-dance at 8 o'clock at the Georgian Terrace hotel.

The Delta Mu Chapter of Sigma Phi Omega entertains with a hay ride and barbecue at 6:30 o'clock.

Alumnae of the Woman's College, University of North Carolina, entertain at a picnic supper at Indian Creek Lodge.

Mrs. E. E. Nolan and Mrs. Fred Lane entertain at a miscellaneous shower for Miss Wesley Lane, bride-elect.

Miss Janet Jenkins gives a luncheon at her home on Bonaventure avenue for Mrs. Gene Dunne, recent bride.

Mrs. J. H. Hale entertains at a kitchen shower for Miss Anna Katherine McConahey, bride-elect, and this evening Mr. and Mrs. Earl Crosswell entertain at a barbecue and badminton party at their home on Wieuca road for Miss Brownlee and her fiance, Harry Crosswell.

Group No. 2 of LaGrange Alumnae Association meets at the home of Mrs. Alvin Smith, 250 Howard street, Kirkwood, with Mrs. Glenn Bell as co-hostesses, at 2:30 o'clock.

Mrs. Frances Peace gives a luncheon for Miss Mary Jo Brownlee, bride-elect, and this evening Mr. and Mrs. Earl Crosswell entertain at a barbecue and badminton party at their home on Wieuca road for Miss Brownlee and her fiance, Harry Crosswell.

Mrs. J. H. Hale entertains at a kitchen shower for Miss Anna Katherine McConahey, bride-elect, and this evening Mr. and Mrs. Jesse R. Williams enter-

MRS. R. L. JOHNSON JR.

Miss Mary Mobley Marries R. L. Johnson Jr. in Athens

Mr. and Mrs. M. D. Mobley, of 747 Martina drive, announced the marriage of their daughter, Miss Mary D. Mobley, to R. L. Johnson Jr., of Fairburn, the ceremony having been quietly solemnized in Athens Thursday evening at the home of Dr. H. C. Holland, pastor of the First Methodist Church of Athens, who officiated. A small group of friends witnessed the nuptial ceremony.

Both the bride and the groom are students at the University of Georgia, Mr. Johnson being a member of the junior class and Mrs. Johnson being a freshman. They will continue their studies and will reside with the bride's grandmother, Mrs. W. B. Hartley, on Hope avenue in Athens.

Mrs. Johnson is the only child of her parents, her father being

state director of vocational education of Georgia, and at present state director of vocational training for defense workers in Georgia. Her mother is the former Miss Ethyleen Hartley, daughter of Mrs. W. B. Hartley and the late Mr. Hartley, of Athens. On her paternal side, she is the granddaughter of Mrs. A. A. Mobley and the late Mr. Mobley, of Dallas.

The bride graduated from North Fulton High school last June, and has been a popular member of the city's younger social set.

Mr. Johnson is the son of Mr. and Mrs. R. L. Johnson, prominent citizens of Fairburn. Following his graduation from the Fairburn High school, three years ago, he entered the University of Georgia, where he is studying for a bachelor of science and agriculture degree.

Jackson P. Dick Jr. and Henry Dick.

An oblong silver container filled with white pom-pom and daisy spray chrysanthemums centered the dining table. A profusion of red roses, marigolds, chrysanthemums and zinnias adorned the reception rooms.

In addition to the Atlantans present at the affair were Dr. and Mrs. Dan Elkin's guests from Louisville, Ky., Mr. and Mrs. F. W. Curran and Merle Robinson, and Mr. and Mrs. L. W. Robert Jr., of Washington, D. C., all of whom will attend the Tech-Notre Dame football game today.

Jackson P. Dick Jr. and Henry Dick.

Mr. and Mrs. R. H. Whiting and little daughter, of Jacksonville, are visiting relatives in College Park.

Dr. and Mrs. Howard Farrar, of Manchester, Tenn., are the guests of Dr. and Mrs. Emory G. Lower and will be among the visitors attending the Tech-Notre Dame football game to be played this afternoon at Grant field.

Mr. and Mrs. J. F. Schneider left Tuesday for Minnesota.

Mrs. George Longino Jr. and children are visiting Dr. and Mrs. J. C. Rawlins at Dalton.

Mrs. Baynard Willingham is visiting relatives at Middleton, Ohio.

Mr. and Mrs. R. H. Whiting and little daughter, of Jacksonville, are visiting relatives in College Park.

Dr. and Mrs. Howard Farrar, of Manchester, Tenn., are the guests of Dr. and Mrs. Emory G. Lower and will be among the visitors attending the Tech-Notre Dame football game to be played this afternoon at Grant field.

Mr. and Mrs. J. F. Schneider left Tuesday for Minnesota.

Mrs. A. R. Wilmot is improving at the Eye and Ear Infirmary following an operation.

Mrs. H. C. Compton and Mrs. Hettie Compton Erwin have returned from Millidgeville, where they attended the marriage of Miss Laurnette Bone and Guy Smith, which took place in the First Presbyterian church.

Mr. and Mrs. B. C. Blanton, of Pittsburgh, Pa., are visiting their sister, Mrs. W. S. Kilpatrick and other relatives here. Before returning they will visit relatives in their former home in Talboton.

Miss Bobbie Settles, of Chattanooga, Tenn., will spend the weekend with Miss Carolyn Reed at the Henry Grady hotel. Misses Settles and Reed were roommates at Sullivans College, in Bristol, Va.

Miss Janet Jenkins gives a luncheon at her home on Bonaventure avenue for Mrs. Gene Dunne, recent bride.

Mrs. Shorter Rankin and Miss Margaret Rankin have returned from Highlands, N. C.

Mr. and Mrs. Charles Holcomb, of Highlands, N. C., were recent guests of Mr. and Mrs. Hugh MacMillan, on Wyckoff road. They were joined by Mrs. Walton Wilson, of Birmingham, who is the former Miss Elizabeth Holcomb. Mr. and Mrs. Wilson were en route to Brunswick to attend the marriage of their sister, Miss Annie Lee Wilson, to Lieutenant Thomas Taylor, which takes place today.

Rehearsal Supper Honors Couple

Miss Ladie Jane Akin and Dr. Thomas Akin Jr., whose marriage will be an interesting event of today, were honored last evening at the rehearsal supper given by Mrs. Luise Sims and Mrs. Linn W. Stanton at their home on Briarcliff place.

Mrs. Louise Akin, mother of the bride-elect; Mrs. Robert W. Allison and Mrs. Cone Maddox Jr. assisted in entertaining.

The table in the dining room was overlaid with a lace cloth and centered with an artistic arrangement of blue ageratum and red roses.

The guests, numbering 35, included the members of the families, the bridal party and out-of-town guests.

For Miss Chalmers And Ensign Smith

Mr. and Mrs. Guy Turner were hosts at a reception last evening at their Peachtree circle residence, given as a complimentary gesture to Miss Jean Chalmers and Ensign Walter A. Smith, U. S. N., whose marriage takes place today.

Easter lilies in a crystal container centered the lace-covered table in the dining room. Yellow chrysanthemums and pink and white gladioli beautified the reception rooms.

Mr. and Mrs. Charles Chalmers, parents of the bride-elect, and Mr. and Mrs. W. M. Smith, the groom-elect's parents, received with the bridal couple and the hosts. Serving tea were Miss Torrance Chalmers and Mimi Sault, and Miss Frances Castleberry and Mrs. Maurice Allen assisted in entertaining.

Martha Ridley and the members of her class will give a color or exhibition of various popular dances this evening during the supper hour at the Biltmore hotel.

A variety of interesting entertainment has been planned for each evening, and on Monday evening a "hobby horse race" will be held. Attractive prizes will be awarded the guests in attendance.

Mr. Johnson is the son of Mr. and Mrs. R. L. Johnson, prominent citizens of Fairburn. Following his graduation from the Fairburn High school, three years ago, he entered the University of Georgia, where he is studying for a bachelor of science and agriculture degree.

The bride graduated from North Fulton High school last June, and has been a popular member of the city's younger social set.

Both the bride and the groom are students at the University of Georgia, Mr. Johnson being a member of the junior class and Mrs. Johnson being a freshman. On her paternal side, she is the granddaughter of Mrs. A. A. Mobley and the late Mr. Mobley, of Dallas.

The bride and groom will be entertained at the Biltmore hotel, the bride's sister, the bridesmaids, were gowned alike in deep blue sea crepe models. Their bouquets were of Briarcliff roses.

The bride's brunet loveliness

Miss Gay Swagerty Is Bride Of Paul Guptill at Church

was enhanced by her gown of white silk crepe fashioned with a long flowing skirt. Her veil of illusion tulle was caught to a wreath of orange blossoms. She wore as her ornaments a pearl necklace and a pearl earring. She carried a bouquet of gardenias.

Rev. and Mrs. Swagerty entertained at a reception at their home on Ponce de Leon avenue following the ceremony. Mrs. Swagerty received her guests wearing a peach lace gown accented by a shoulder spray of gardenias. Mrs. Guptill, the groom's mother, wore powder blue lace and her flowers were gardenias.

Assisting in entertaining were Misses Martha Ross, Martha Dunn, Jean Dennison, Betty Brown, Reginald Miller, Ethelyn Dyar, Mrs. Owen Hope and Mrs. Jerry Clements.

Mr. Guptill and his bride departed for a wedding trip during the evening after which they

Too Much Pampering Is Child's Big Handicap In Learning to Swim

By Dr. William Brady.

A mother, a misguided mother, inquired pathetically the other day whether there are some people constitutionally unable to learn to swim. Her baby received swimming instructions when he was 12 years old. Now the baby is in college and has had to repeat the course three times, as he is still unable to swim the length of the pool, as required to pass. Mother, casting about for any possible excuse for baby's babylife, mother-cultivated deficiencies, came upon an article in some magazine telling of the author's "constitutional incapacity" to learn to swim. Mother submitted the question to me, hoping, I suppose, that I might give a plausible explanation why certain persons are unable to learn to swim.

One with an incurable physical defect or mental defect might be unable to learn to swim or impossible to teach to swim. But this particular mother's baby has no

Points for Parents

By Edyth Thomas Wallace.

Mother: "I appreciate your help, Mother, but I'm sure you realize I must also take the advice of my doctor and other authorities as to how to care for my baby."

Mother: "Now, Mother, we may as well understand each other right now. Jackie is my baby, yours, and I intend to do just as I please with him."

If a young mother is herself not entirely grown up, it is possible for her to use her baby as a means of asserting her own independence.

I think you are being very un-

Reader's Interest

MY DAY: Turns to Religion

By Eleanor Roosevelt.

WASHINGTON, Thursday—Yesterday afternoon Mrs. William Denman brought Mr. Miguel Covarrubias, the Mexican, to see me. His beautiful maps in Pacific House will be remembered by everyone who went to the San Francisco Fair. We had a pleasant talk about Mexico and I was delighted to find that he is as enthusiastic about Steinbeck's film, "The Forgotten Village," as I am.

He told me that he had helped him in every way and assured me that it was authentic because he had lived among the Indians in their villages himself, and took a great interest in the developments which would eventually lead to the elimination of some of the superstitions and to the improvement of sanitary and agricultural conditions.

Another guest was Mr. Albert Rondon, a native of the Argentine. He is editing a magazine in Hollywood which is circulated largely in South American countries. And, to emphasize that the world is small, a friend of the late Mr. George Foster Peabody, Mr. Henry Hodgson, from Georgia, dropped in and at once found a point of contact with Mr. Rondon because his brother had traveled in South America on business and returned with a keen interest in the countries and their people.

He had been sent a little brochure from the consumers' book co-operative, which they call Reader's Observer. It is a helpful little publication because it lists books in various fields, and has an article at the beginning telling one about the trend of interest in reading material, and commenting on books in many fields. I was interested to find that a popular vote which they have taken shows a great interest in religious books, and secondly in books that can be classed as education for democracy. They recommended a book called "The Religions of Democracy" which is sponsored by the National Conference of Christians and Jews. This is a collection of interpretive essays, written by authoritative people, on the religions of Judaism, Catholicism and Protestantism. I quote one thought from their article: "It is vital in a democracy for each of us to know what the other believes, for tolerance can only exist through understanding. And in a time of crisis, more than in any other, it is essential to know one's own background as well as possible."

The last part of that statement struck me particularly, because I am very apt to be rather superficial in my knowledge of religious subjects. I am afraid that my reading of the Bible and the New Testament has been confined often to sections which I like particularly and not to sections which are particularly concerned with the reasons for my beliefs.

Bette Davis Knows What's Lucky; Picks George Brent for Next Film

By Louella O. Parsons.

HOLLYWOOD, Oct. 10.—(INS) I tracked Frank Capra to the projection room where he was looking at tests for "Arsenic and Old Lace." He is busier than any one-armed paper hanger selecting the remaining members of his cast. Peter Lorre, Frank told me, has been chosen for the experimenting doctor who accompanies the crack-pot brother to his sister's house. What a chance for Peter to play in a Capra movie, and it seems to me he will be very good, too.

Frank said that most of his cast is lined up with the exception of the two old ladies. He was unable to get Josephine Hull and Jean Adair from the stage play and so he has been conferring with Maude Adams, Lillian Gish, and a number of famous stage actresses. The two sisters who murder old men and bury them in the cellar because they love funerals, are very important to the play. Cary Grant is set

in Hollywood and most of their time taken up with Red Cross and British war relief work, they did visit the studios. Lord Mountbatten was particularly interested in the Walt Disney pictures, which are extremely popular in London.

George Brent is always lucky on the screen. In two of her best pictures, "Dark Victory" and "The Great Lie," he was her screen romance and I understand that she has now asked for him in the Ellen Glasgow book, "In This Our Life." This best seller will be sent out by Warner with an exceptionally fine cast of box-office names. Not only Bette and George, but Olivia de Havilland, Dennis Morgan, Charles Coburn and Billie Burke. Speaking of George, I don't know what goes on, but Annie Sheridan will not allow the diamond ring he gave her to be photographed because she says that it isn't an engagement ring.

Although the visit of Lord and Lady Mountbatten was very brief

Your Manners Determine Popularity

It's out one little slip that tells him she isn't used to dating. "Oh, let's sit there," she says (all to herself) as they enter the tearoom.

Now he'll probably say to friends, "Sue! Sure she's a nice kid, but she doesn't know what's what!" If you have your etiquette down pat, though, you can guard against these fatal faux pas.

You smoothly allow your escort to pick out the table in a restaurant. You wait for him to pull out your chair instead of kiddishly grabbing it yourself. AND you're every man's dream of the girl to take out!

Quick on the trigger? That's your middle name! Instead of a cheap "Pleased to meet you," when introduced you're right there with a correct, gracious "How do you do." When someone offers you a compliment you'll smilingly reply "Thank you"—not dissolve into stammers.

At dances, no wall-flower role for you! If you're stuck too long with one partner you'll suggest finding your escort, drop a hint that the boys change partners. And you'll never hasten to apologize for a mistake. Leave it to him!

Should you kiss good night? The problem won't arise if you know the smooth-mannered way to do it!

Our 40-page booklet, "Etiquette for the Teens," gives rules for dating, dancing, dining, movies; when entertaining, motoring, visiting, traveling. Discusses petting. Send 15c in coins for our booklet. "ETIQUETTE FOR THE TEENS," to Home Institute, The Constitution, Atlanta, Ga. Write plainly your name, address and the name of booklet.

Today's Charm Tip

It's practice that makes the worrier a chronic case. Practice—just as adequately, may rule worry out.

If simplicity is your aim, you will like this American classic worn by Rita Hayworth. Sheer pastel rayon crepe is the fabric, unpressed front pleats relieve the tailored lines of the skirt. The younger miss will approve the pink taffeta and black velvet formal worn by CBS actress, Toni Gilman.

Ida Jean Admits She's Not Perfect

By Ida Jean Kain.

got it. Hiking down the back path to the beach I pushed aside the branch of a tree and two days later had reason to know that poison ivy really does climb trees.

As you may recall, no further back than spring, I wrote a little treatise on poison ivy and how to avoid it all seasons. Well, I've

repeated the idea.

At the bowling alley I met some people who turned out to be experts. After I had made a particularly bad shot, one of them turned to me and said, with mystification in every available, "read your article on bowling—it was good." After that I went into training.

Not long ago I had lunch with an overweight friend who is on a very strict diet. She was so hungry that to boost her morale I ordered the same low calorie meal—she would have counted every calorie I ate if I had done otherwise. But not being overweight myself and having a per-

fectly normal appetite, afterwards I want—very furtively, I must say—to the nearest drug store and supplemented the light lunch with a glass of milk.

My teen age nephew has come to stay with us and since he is around 20 pounds underweight he is out to gain and the menus are being planned with this in mind. During the first week of the new high calorie regime, Jimmy didn't pick up an ounce but I put on two pounds. I am glad to say that he has now taken on three pounds—but I haven't lost any weight!

So you can see that I know what some of you homemakers are up against when you have to diversify your menus to meet the needs of every member of the family—my hat is off to those who can stick to their reducing and help someone else to gain.

Send large stamped return envelope to Ida Jean Kain, The Constitution, Atlanta, Ga., for the "Protective Food Chart." Basically, the foods needed for reducing and for gaining are the same—the difference is in the calorie content.

Love Will Come Again

Pat Hastings Leaves Immediately; April Comes in To Find Cherry Sobbing

By Alma Sioux Scarberry.

bothered you since you came up, you. You're not the type to go around kissing strange men."

"Well, then why does he have to come around now?" Cherry sniffled. "Just because I happened to get engaged to him once, I've told him it was only puppy love!"

April smiled crookedly: "Was it, Cherry? Are you so sure?"

"Of course, I'm sure."

"Then why are you so upset? Why don't you just go to bed and get some sleep and forget Pat Hastings. He won't bother you again. I'll write and tell him so if you say so."

"I'll do my own writing," Cherry's chin set stubbornly. "You keep out of this! I'll write a letter that'll pin his ears back! The big hick! He can't seem to get it through that thick head of his that I'm not marrying for anything but money."

April said: "Suppose you don't get the opportunity to marry for money? Then what? Will you die an old maid?"

Cherry almost shouted: "Stop talking to me as though I were a child and you thought this was all very funny! I'll get the opportunity to marry for money! I could marry Bert Hobart in a minute."

"We're busy having a good time talking about getting married," Cherry got up from the table. "He'll ask me. Don't worry! And if he doesn't there are plenty of other saps with money darn glad to marry a girl beautiful enough to get a job modeling at Georgettes."

"Is that so?" April asked, half smiling. "But if you marry for anything but love, darling, you'll break your heart."

Cherry sniffed contemptuously. "A lot of good it did you. Who's going to tell me what to marry for? It's seeing what happened to you that put me wise. No man will ever make a fool out of me, sweet. Because while he's trying to be picking his pockets every dime they've got in them. You just watch me!"

April's eyes filled. "Oh, Cherry, she said desperately, "you shouldn't let my divorce make you so bitter. I know that's what has brought all this on. Honey, just because Hill and I couldn't make a go of it isn't any reason why you should go crazy. I did love Hill terribly, and all the things that happened almost killed me. But I'm getting over it. I've a radio career and a music school. I love being independent."

"Like hell you do!" Cherry said bitterly. "You're eating your heart out for that big blond dope. That's why you haven't got sense enough to marry Curt."

April said quietly: "Stop calling Hill names. And what makes you think Mr. De Witt wants to marry me? Don't talk nonsense. He's just a good friend."

Cherry smiled knowingly.

"Wasn't I parked across the street in a car when you and he drove up tonight? I saw him kissing you. So did Brett. If that was friendship it was pretty warm, for

INSTALLMENT XIII.

When he felt his temper mounting he got hold of himself with an effort and said as quietly as he could:

"You've made yourself very clear. Rest assured you won't be troubled with my unwelcome attentions again. I just wanted to know where I stood. Good-bye."

Before she could think of anything to answer he was gone. Pat felt he couldn't face April just then, and drove away planning to write a note of explanation when he got back to Virginia.

When April heard Pat's car drive away she got out of bed and went to the kitchen. Much to her surprise Cherry was sitting at the table with her head on her arms, sobbing as though her heart would break.

"What's the matter, honey?" April put her hand on Cherry's golden head. "Did you and Pat quarrel?"

April raised her head hastily: "He makes me so mad," she dried her eyes on a wisp of a handkerchief, her soft mouth trembling childishly. "What does he mean coming here trying to pry into my affairs? What I do is none of his business."

April said quietly: "He loves you, darling. I think he has exercised remarkable self control for a young man in love. He hasn't

Baering Down on the News

By Arthur "Bugs" Baer.

I didn't lay in any luxuries before the high taxes went in because I remember 20 years ago, I just came out of the Army and I bought a bottle of good old Pennsylvania rye.

That was to last me until the prohibition scare blew over. Which it promptly did 11 or 12 years later.

Of course it was empty. But it made a very fine desk lamp.

That's why I didn't stampede when the luxury taxes went in. I've only got one desk.

Continued Monday.

AUNT HET
By ROBERT QUILLEN.

"I reckon Jim is agoner. If a poor simpleton wins the first time monkeys with the stock market, Solomon himself couldn't tell him anything."

Just Home Folks**In Second Year**

"Just Home Folks," dramatic radio serial broadcast over station WGST, is one year old. Monday will mark the beginning of the second year of this program which is written and produced locally and broadcast from 9 to 9:15 a.m. each Monday through Friday.

An intensely human story, "Just Home Folks" traces the usually joyful, sometimes sad lives of a widow, Aunt Scott, her mischievous young son, Junie, and her daughter, June, who recently was married to her childhood sweetheart, Chuck Hawthorne. He is the scion of a wealthy family in the make-believe Georgia community of Lindenwood.

A growing audience of listeners has met more than 20 characters—all local radio actors and actresses—during the first year of "Just Home Folks."

WGST 920

ALICE IS POPULAR.

Alice Frost, who recently signed as star of "Big Sister" because she wanted to free-lance, has had two offers to star in a couple of other daily soap operas.

7,000 HEAR SHIRER.

William L. Shirer, who started a new Sunday afternoon radio series of his own recently, gave a lecture in Kansas City. The famous author of "Berlin Diary" was amazed when 7,000 ardent listeners packed the auditorium and hundreds were turned away.

Your Horoscope for Today

By ALICE DENTON JENNINGS, Noted Atlanta Chirologist.

What today means to if you were born between:

March 21st and April 19th (ARIES)—

The most important time of day for making important action along all lines appears to be after 2:10 p.m. An excellent period for constructive work in business, finance, personal advancement, constructive interviewing or consulting people in important positions.

April 20th and May 18th (TAURUS)—

Today is an excellent day to just what you want to do. Make new friends, renew old ones. Press your pet projects. Be as cordial and expansive as you can. Make some definite plans for the ensuing year.

May 21st and June 19th (GEMINI)—

An excellent time to control any tendencies toward overenthusiasm or for making changes. A good day for new contacts with professional people. The best aspects of the day operate after 3:15 p.m.

June 21st and July 19th (CANCER)—

Before 10:20 p.m. is an excellent period for the advancement of your business. You may be connected with land, mines, liquids, chemicals, organizations, work units, laying a good foundation. After 10:20 p.m. does not favor the co-operation of others.

July 23rd and August 22nd (LEO)—

During the morning hours and until 3:10 p.m. favors dealing with practical matters and those people capable of giving good advice. The period favors buying and selling. After 3:10 p.m. and continuing throughout the entire evening hours favor attending to personal affairs rather than attempting new or important changes.

August 23rd and September 22nd (VIRGO)—

The period previous to 3:10 p.m. favors general business, new contacts and connections, those people capable of giving good advice. The period favors buying and selling. After 3:10 p.m. and continuing throughout the entire evening hours favor attending to personal affairs rather than attempting new or important changes.

September 23rd and October 22nd (LIBRA)—

During the day and until 10:49 p.m. influences around you are often bring elaborate schemes that may prove to be too elaborate in

MARIMBA TROUBADOURS.

Street musicians in New York play hurdy-gurdies or violins, but in Mexico they carry marimbas, almost as heavy as a small piano, according to Andre Kostelanetz.

Best player of the strolling type he has heard in his career was a four-hammer man in Puebla, Mexico, whom Kostelanetz recommended for a sustaining program to a Mexivan radio station.

MATINEE SWINGER—

Tommy Dorsey and his great dance band will entertain radio listeners from the Meadowbrook today over CBS and WGST. The program will be heard from 5 to 6 p.m.

Linder Creates Furor in Capital Over Price Control

Special to THE CONSTITUTION.
WASHINGTON, D. C., Oct. 10.—Georgia's dry, drawing commissioner of agriculture, Tom Linder, created a mild furor in the national capital today as he tore into the administration's pending price control bill, gave Leon Henderson a sharp "dressing-down," and concluded the day by bringing assembled farm leaders from all over the country into agreement on his plan for parity farm prices.

The plan will be embodied in a bill to be introduced in congress next week by Senator Elmer Thomas, of Oklahoma.

Charging that the bill, in its present form regulated prices on farm products only, Linder frankly told the congressmen on the Banking and Currency Committee that if they couldn't see the farmer's viewpoint and try to do something for him, they might as well go back home and start plowing and let somebody else take their places.

ATACKS HENDERSON.

Turning his verbal guns on Henderson, the Georgia commissioneer continued:

"Mr. Henderson has no more idea of the hardships of people on the farms than the man in the moon."

"Mr. Henderson has no more knowledge of financial and other problems that beset the farmer than an Eskimo."

"The only reason so far advanced for Mr. Henderson to have this job is that he enjoys the friendship of Baruch, Morganthau, Straus, Ginsberg and the Guggenheim interests."

"Mr. Baruch and Mr. Morganthau have agreed that agriculture and industry should get an equal break in price control."

FAVOR LOWER PRICES.

"Mr. Baruch and Mr. Morganthau are both in favor of lower prices for products of the farm."

"Mr. Baruch and Mr. Morganthau are much too smart to give their unquestioned endorsement to any man for a job of this kind without knowing beforehand that he would administer the office in conformity with their views."

Linder was recognized as the leader of commissioners of agriculture and farm officials who met here to discuss the legislation. The principal objections to Linder's plan previously had come from the Federation of Farm Bureaus, but today they virtually were agreed that agriculture and industry should get an equal break in price control.

PROPORTIONATE PRICES.

Specifically, Linder advocates legislation "that will guarantee proportionate prices between agricultural products and industrial products based on the same relationship and proportion that prevailed during periods of agricultural and general prosperity."

He argued also that "it is impossible to control the prices of any commodities, either agricultural or industrial, unless you control the price of labor entering into the production of such commodities."

During the day Washington neophytes swarmed around Linder and his entourage was splashed across the Washington newspapers. Associates expressed the opinion he at last had impressed congressional leaders with his ideas.

Fake Heating Inspectors Said Operating Here

Fake "heating inspectors" are making the rounds of Atlanta dwelling districts in an effort to bolster the furnace repairing business. William E. Tidmore, director of the city smoke abatement bureau, warned yesterday in appealing to the public to assist the department in prosecuting them as imposters.

Asserting that repeated reports have come to the office that the alleged inspectors have gained entrance to homes under the guise of inspecting heating units and have invariably found something wrong with the equipment, Tidmore warned: "All inspectors for the city wear special police badges."

Rich's Explains Jubilee Plan to New Yorkers

Celebration of 75th Anniversary Begins January 1, 1942.

By RALPH MCGILL.

NEW YORK, Oct. 10.—At a luncheon today at the Hotel Astor roof, Rich's of Atlanta introduced their diamond jubilee plans to 450 resources, editors of the nation's leading fashion magazines and members of the press of New York and Atlanta.

Celebration of Rich's 75th anniversary will begin January 1, 1942, and will continue for the entire year. An elaborate program has been worked out for each month of the year involving new creations in fashions and fabrics.

Announcement was made that five large murals now are being painted and will occupy the walls of the first floor. Two of the murals, "Legend of Atlanta" and "Legend of Georgia," have historical themes. They are being painted by John M. Sittin, native of Forsyth, Ga., and now a teacher of art at Cornell. Wilbur Kurtz, of Atlanta, will do the largest of the murals, one of which will show the progress of fashion and transportation. Wittold Gordon,

well-known New York artist, will do two fashion murals. Julian Harris, Atlanta sculptor, has designed a special medallion, which

PLANNING RICH'S DIAMOND JUBILEE YEAR—Shown at the luncheon in New York yesterday, which informed notables of the gala year planned by Rich's of Atlanta are, seated, left to right, Walter H. Rich, Mrs. Carmel Snow, editor, Harper's Bazaar, and Richard H. Rich; standing, Tobe and John Block.

scale planned for the entire year. Vogue and Harper's each were represented by their editors and publishers, as were other fashion magazines.

Walter H. Rich told the heads of New York's vast mercantile companies of the plans, announced and introduced his directors, and turned the meeting over to Frank H. Neely, executive vice president. He called on Oscar Strauss to outline in detail the merchandising and promotional plans. Abbott Kimball, the head of the advertising agency handling the national promotion, spoke of the national viewpoint which had been adopted.

Guests at the speakers' table included: Walter H. Rich, president, Rich's, Inc.; Frank H. Neely, executive vice president and secretary, Rich's, Inc.; Oscar Strauss, vice president and home furnishings merchandise manager, Rich's, Inc.; Bert R. Gordon, Rich's, Inc., treasurer and general merchandise manager; Richard H. Rich, vice president and sales promotion, Rich's, Inc.; Abbott Kimball, president, Abbott Kimball Company; Frederic Drake, publisher, Harper's Bazaar; Mrs. Carmel Snow, editor, Harper's Bazaar; Mrs. Edna Woolman Chase, editor, Vogue; Tobe Tobe Service (who for the past decade has been Rich's New York style authority); John Block, president, Kirby Block & Company; Ralph McGill, executive editor, Atlanta Constitution; Louis Fairchild, secretary, Fairchild Publications; Thomas F. Conroy, New York Times; Harvey Runner, New York Herald Tribune, business news editor; Sam Dull, Atlanta Journal.
